Ms. Garcia:

We ended up not going because a "Justice for Trayvon Martin" rally was conducted in Miami on April 1. I will resend you the related email.

Ms. Carswell:

During your phone call to me this morning (referenced at the bottom of this email chain), you said the CRB had no travel documentation responsive to Judicial Watch's request because no members went anywhere in connection with the Trayvon Martin incident. But the communications below, excerpted from an email you produced earlier today, seems to suggest otherwise. Is it possible to obtain the requested documentation in association with the March 31 trip and any others like it?

Thank you, Lisette
