The following investigation was conducted by SSA and SA concerning the departure of a Saudi Arabian group in Lexington, Kentucky for the Keeneland horse auction.

Beginning on 09/14/2001 SSA and the Lexington RA became aware that the group of Saudi Arabian nationals who had come to Lexington, Kentucky for purposes of attending the Keeneland horse auctions. In light of the 09/11/2001 terrorist events, this group desperately wanted to depart the US for Saudi Arabia. After repeated unsuccessful attempts to obtain authorization for the usual Saudi Arabian government airplane (Gulfstream 4) to enter the US, the group made arrangements for a chartered luxury Boeing 727 from Florida to fly to Lexington, Kentucky. After several delays this plane arrived in Lexington, Kentucky at 4:30 p.m. on 09/16/2001.

The Saudi Arabian group was headed by H.R.H. Prince Ahmed Bin Dalman Bin Abdulaziz. It also included his sister who had arrived from on the evening of 09/13/2001. The following list was provided by group coordinator of those which would be departing on the chartered flight:

H.R.H. Prince Ahmed Bin Salman Bin Abdulaziz

Photocopies of all passports were obtained. When the plane arrived, the crew was checked and it was inspected.
by SSA and U.S. Customs officer for any undeclared passengers, prior to anyone boarding. During boarding, each passenger was identified by passport by officer with SA observing. Only the fourteen individuals noted above (not including who had taken an earlier flight) boarded the chartered 727. The plane was scheduled to fly to Goose Bay, Labrador for refueling prior to continuing on to London, England and then to Saudi Arabia.

The chartered plane was obtained from Jetlease USA, 3700 Airport Road, Suite 204, Boca Raton, Florida 33431, telephone number 561-362-8282.

Lexington Police officers hired as private security for the Saudi group advised four young men had flown up from Florida to be transported with Prince Abdulaziz to Saudi Arabia. One of the four was the Prince's and The Prince's has a diplomatic passport. His passport indicated he had entered the U.S. on 08/25/2001. Lexington Police Detective advised the Prince were either entered the U.S. on 08/27/2001.

When questioned, group coordinator advised His name is similar, but not identical to Security Directive List entered the U.S. on 07/25/2001. In addition, his passport indicated he had entered the U.S. on January 23, 2001 at New York.

Attached are photocopies of all passports of this traveling Saudi group.
here is the scoop. As my insert says, there were two groups from the Middle East at the
Keeneland Horse Auctions when 9/11 occurred. One from Saudi Arabia, including the now
dead, Prince Ahmed Bin Salman Bin Abdulaziz, and a larger group from the U.A.E. There were
2 U.A.E. planes parked at the Lexington Airport on 9/11. The Saudi Gulfstream IV was not in
the U.S. at the time. Of course all air travel was suspended by the FAA for about 4 days. This
left both groups stranded in Lexington.

The U.A.E. group waited impatiently until 9/15 when they were allowed to leave with the
opening of commercial air travel. I was on hand with Customs to insure no one on our "Watch
list" used the U.A.E. plane to escape the U.S. All passports were checked and both planes
departed.

The Saudi prince tried to arrange for his son and his son's friends to fly up from Boca Raton,
Florida, where they were attending school on a chartered jet. They filed a flight plan and were
told if they took off, they would be shot down. Bottom line, the jet never left, at least not on 9/12
and not with the college students. The prince had ordered them to travel ONLY by air.

Since the Saudi Gulfstream IV was not allowed into the U.S. (it was parked in Gander,
Newfoundland), the Saudi's arranged to charter a 727, which was at least capable of crossing the
Atlantic. The plane was flown up from Florida on 9/16. The Saudi's were all checked by
Customs and myself as they entered the plane and departed.

I did speak by phone with former Lexington Metro officer this evening. He recalled
picking up the boys from Tac Air at the Lexington airport and assumed they flew in as he was
told. I also spoke with Lexington Airport Police Chief who was absolutely certain
that NO plane landed at his airport until the FAA had lifted the ban on commercial flights.

Please accept my apologies for not ferreting this out previously. It wasn't until I had found my
notes that the ins and outs of the events were fully recalled. Hope this helps!

FBI Executive Summary
Response to October 2003 Vanity Fair Article,
"Saving the Saudis"

(U//LES) The article in Vanity Fair alleges a group of Saudi royals traveled by air from Tampa, Florida to Lexington, Kentucky on September 13, 2001, prior to FAA authorization for these types of flights. It also alleges that a chartered flight left the United States (US) with several members of the Bin Laden family without investigation by the FBI. Both of these allegations are false. There are many other inaccuracies contained within the article.

(U//LES) The FBI conducted investigations prior to the departure of six chartered flights, hired by Saudis wishing to return to Saudi Arabia. None of these flights violated FAA restrictions. The investigations identified 141 passengers aboard these flights. As air traffic recovered, numerous Saudis departed aboard commercial as well as other chartered flights.

(U//LES) In reference to the six flights, the FBI and other law enforcement agencies conducted interviews, database checks and security sweeps prior to allowing any of the flights to depart the US. Before departure, all passengers’ identities were confirmed and compared against watch lists. Investigators verified that there were no unauthorized passengers aboard any flights, and swept the aircraft and luggage for prohibited items. Further investigation was conducted following departure where it was determined to be necessary. No information of investigative value was learned from the interviews or following the departure of these individuals.

(AF/NF, OC) On September 20, 2003, several members of the Bin Laden family and their staff departed the United States on Ryan Air flight #441. One of the passengers had

(U//LES) Investigation of the other passengers yielded no information pertinent to the attacks of September 11, 2001, or the investigation of Osama Bin Laden. None of the Bin Laden family members on this flight had been in recent contact with Osama Bin Laden. All of the passengers were either half-siblings or the children of half-siblings of Osama Bin Laden. None of the individuals aboard were suspected of having ties to terrorist organizations.

(U//LES) A chartered flight departed from Lexington, Kentucky on September 16, 2001 with fourteen passengers. Four members of the party, to include [redacted] of Prince Ahmed Bin Salman Bin Abdulaziz, arrived in Lexington from Tampa by car. These four individuals had disobeyed the Prince by traveling by car, instead of by jet as the Prince had instructed them. Hired security personnel, who have been quoted in the article and in interviews with the FBI, have perpetuated the cover story that the four had flown from Tampa by consistently stating there was a charter flight into Lexington. No flights arrived or departed from Lexington on September 13, 2001. In addition, one of the members of the private

protection detail has confidentially told FBI agents in Lexington the truth about how the four arrived in Lexington.
OVERALL BRIEF POINTS
Saudi Departures Following 09/11/2001

  - Searches of the aircraft and passenger luggage were conducted, identities were checked against the manifest, and record checks were conducted.

Prior to 09/23/2002, several chartered flights which contained Saudi passengers drew a considerable amount of attention. These flights are summarized below. After 09/23/2002, an undetermined number of Saudis departed the United States aboard commercial and chartered aircraft.

- 09/14/2001 Providence Rhode Island Charter flight
  - 4 Passengers, no children
  - Extensive investigation including follow-up interviews were conducted into 2002.

- 09/16/2001 Jetlease USA Charter flight from Lexington, KY
  - 14 Passengers, no children.
  - All passengers were identified and confirmed prior to departure. INS, USCS, and FBI records were checked.

  - FBI SAC of Las Vegas made contact with the Saudis at the Hotel prior to departure and obtained copies of passport and passenger lists.
  - Record checks were conducted and interviews were conducted where necessary.

Following departure of these three flights: No connections to the 19 hijackers of 09/11/2001 were identified.

We have information about one Saudi Airline flight which arrived on 09/10/2001 in the course of
normal business. This flight was stranded at Newark International in New Jersey along with all other commercial flights at the time. As of 09/13/2001 the flight was still stranded

- Investigation was conducted, which included interviews and record checks.
- The passenger list consisted of 26 crew and 92 passengers.
- This flight departed after the flight restrictions were lifted

In addition to Saudis we identified a UAE 747 which departed from Lexington, KY on 09/15/2001. No Saudis were aboard the flight. We have included this information because the Vanity Fair article includes a reference to a 747. No children were on board the flight.

  - Prior to departure, FBI Louisville agents together with an officer from US Customs checked the crew from Florida and inspected the aircraft. During boarding, each passenger was identified by passport by a US Customs officer. Only the 14 passengers listed above boarded the chartered 727.

- Note:
  - Prior to September 11, 2001, a group of Saudi Arabian nationals traveled to Lexington, KY, to attend the Keeneland horse auctions. Following the terrorist attacks, members of this group made several unsuccessful attempts to gain authorization for the usual Saudi government airplane to enter the United States. As a result, the group made arrangements for a chartered luxury Boeing 727 from Florida to fly to Lexington, KY.

  - According to a SA on site, after the September 11 attacks, H.R.H. Prince Ahmed Bin Salman Bin Abdulaziz attempted to arrange for [Redacted] to fly from

PART 2 OF 4
RECORDS OBTAINED BY JUDICIAL WATCH THROUGH FREEDOM OF INFORMATION ACT

(U//FOUO) The Binladen Family

(U//FOUO) Usama bin Laden (UBL) is a member of a large and wealthy Saudi family. The family patriarch, Mohammed Awad Binladen, came to the kingdom from Hadramout (South Yemen) sometime around 1930.¹

- In Saudi Arabia, UBL’s father became a construction magnate, completing prestigious projects such as the renovation of the holy mosques in Mecca and Medina. As a result, the Binladens are a highly respected family both within the Saudi royal household and with the public.

(U//FOUO) There is some confusion as to the total number of UBL’s siblings

- Some cite that he is the youngest of some 20 sons, ² while others claim he is the seventh son.³

- The total number of his siblings might be 50,⁴ 52,⁵ or 54.⁶ In an interview, UBL seemed unsure as well, citing that he had 25 brothers—although he could remember the names of only 20.⁷

- Nearly all of these siblings are half-brothers or half-sisters, as UBL’s father had multiple wives. UBL’s own___ is cited as having only one son.⁸

(U//FOUO) The Binladen family has denounced UBL repeatedly

( U//FOUO) In 1994, the Binladen family issued a statement expressing its “regret, denunciation and condemnation of all acts that Osama bin Laden may have committed, which we do not condone and we reject.”⁹

- After the attacks on the US on September 11, 2001, the current head of the family ___ “The family has previously announced its position (to distance itself) from Usama and condemned his acts. All the family members condemn all violent and terrorist acts, even if Usama is behind them.”¹⁰ ___ is UBL’s ___

(U//FOUO) UBL’s own family situation is as unclear as many of the other aspects of his personal life

• UBL first married at the age of 17 to a Syrian girl who was a relative.¹¹

• One source reports that UBL now has at least three wives and more than 20 children.¹² Another source says that UBL is married to four women and has 14 to 18 children.¹³

• In an interview, UBL is reported to have said that he has only three wives, not the five reported in some accounts. The report said UBL resisted personal questions, saying only that he has three wives and 16 children.¹⁴

VANITY FAIR ISSUES
Counterpoints:

(U) The *Vanity Fair* article reports the claims of retired Tampa police officer Dan Grossi. He claims that he and a former FBI agent Manuel Perez provided security for a flight from Tampa, Florida to Lexington, Kentucky.

(U) "In addition, FBI documents marked 'Secret' indicated that two members of the bin Laden family, which has repeatedly distanced itself from Osama bin Laden, were under investigation..."

(U) "They left the US without even being interviewed by the FBI"

(U) "Osama was not the only member of the immense bin Laden family—there are more than 50 siblings—with ties to militant Islamic fundamentalists."

(U) Richard Clarke: it was either the State Dept or the FBI who initiated the request for the Saudis to depart.

RECORDS OBTAINED BY JUDICIAL WATCH THROUGH FREEDOM OF INFORMATION ACT
"Meanwhile, the Saudis had at least two other planes on call. Starting in Los Angeles on an undetermined date, one of them flew first to Orlando, Florida, where Khalid bin Laden boarded. From Orlando, the plane continued to Dulles International Airport, outside Washington, DC, before going on to Boston's Logan International Airport on September 19, picking up members of the bin Laden family along the way."

"Other stops for the Saudis are said to have included Houston, Cleveland, and Newark."

"Khalid bin Laden, who boarded a plane in Orlando that eventually took him back to Saudi Arabia, won the attention of Brazilian investigators for possible terrorist connections. According to a Brazilian paper, he had business connections in the Brazilian province of Minas Gerais, not far from the tri-border region, an alleged center for training terrorists."

"...but the documents show that the file on Abdullah and Omar was reopened on September 19, 2001, while the Saudi repatriation was still under way. 'These documents show there was an open FBI investigation into these guys at the time of their departure,' says David Armstrong, an investigator for the Public Education Center, the Washington, DC, foundation that obtained the documents."
FBI Statements attributable to the FBI:

(U) "I can say unequivocally that the FBI had no role in facilitating these flights one way or another." SA John Iannarelli

(U) "According to FBI spokesman John Iannarelli, FBI counterterrorism agents pursuing the investigation were stranded all over the country, unable to fly for several days. Yet now the same counterterrorism unit was effectively acting as a chaperone for the Saudis."

(U) "According to The New York Times, bin Laden family members were driven or flown under FBI supervision first to a secret assembly point in Texas and later to Washington. From there, the Times reported, they left the country when airports reopened on September 14. The FBI has said the Times report is 'erroneous.'"
Indirect or Unofficial FBI Statements:

(U) Richard Clarke: "Somebody brought to us for approval the decision to let an airplane filled with Saudis, including members of the bin Laden family, leave the country. My role was to say that it can't happen until the FBI approves it. And so the FBI was asked—we had a live connection to the FBI—and we asked the FBI to make sure that they were satisfied that everybody getting on that plane was someone that it was OK to leave. And they came back and said yes, it was fine with them. So we said, 'Fine, let it happen.'"

(U) "Altogether, about 140 Saudis were on the flights, according to an FBI source."

(U) "In fact, the FBI had been keeping an eye on some of the bin Ladens. A classified FBI file examined by Vanity Fair and marked 'Secret' shows that as early as 1996 the bureau had spent nearly nine months investigating Abdullah and Omar bin Laden, who were involved with the American branch of the World Assembly of Muslim Youth (WAMY)..."

(U) "But, according to Dale Watson, the FBI's former head of counterterrorism, such investigations into Saudis in the United States were the exception. "If allegations came up, they were looked into," he says. 'But a blanket investigation into Saudis here did not take place.'"

(U) "At times, the Saudis who had assembled for departure tried to get the planes to leave before the FBI had even identified who was on them. 'I recall getting into a big flap with Saud Flight-57..."
Bandar's office about whether they would leave without us knowing who was on the plane,' says one FBI agent. 'Bandar wanted the plane to take off, and we were stressing that that plane was not leaving until we knew exactly who was on it.'"

(U) "In the end, the FBI decided it was simply not practical to conduct full-blown investigations. 'They were identified,' says Dale Watson, 'but they were not subject to serious interviews or interrogations.' The bureau has declined to release their identities."

(U) "An FBI agent says that they had a right to leave and that being related to Osama did not constitute grounds for investigation."

(U) "A number of experienced investigators expressed surprise that the Saudis had not been interviewed. 'Certainly it would be my expectation that they would do that,' says Oliver 'Buck' Revell, former associate deputy director of the FBI."

(U//LES) Several groups from the Arabian Peninsula left the United States on chartered or private flights shortly after September 11. One group of members of the Saudi Royal Family were in Lexington, Kentucky at a horse auction at the time of the attacks. Another group of royalty from the United Arab Emirates was also at the horse auction. A third group, composed mostly of Binladin family members, left the United States on a plane chartered by the Saudi Arabian Embassy in Washington, DC.

- These three groups were unaffiliated.
- The Emirates Royal Family members departed from the US on 15 September 2001, after the Notice to Airmen (NOTAM) grounding all flights in the US was lifted.
- The Saudi Royal Family members departed on 16 September 2001. Prior to their departure from the United States, four members of that party flew from Florida to join the main party in Kentucky on 13 September.
- The members of the Binladen family left on 19 September.

(U//LES) On 19 September 2001, Ryan International Airlines flight 441 was contracted by the Saudi Embassy in Washington, DC to make several stops in the US to pick up several Saudi students for expeditious departure from the US. There were 23 passengers leaving the US on that flight:

The agent advised that he take basic personal security precautions and contact the local sheriff’s department if he were threatened.

On 09/15/2001, [Redacted] re-contacted the interviewing agent, and again voiced concern for his family's personal security. [Redacted] asked whether he could fly commercially to Washington, DC to connect a flight being arranged by the Saudi Embassy, or whether it would be better to hire a charter. The interviewing agent determined whether charters were flying, and then requested a face-to-face meeting with [Redacted] to discuss the issue.

The interviewing agent met [Redacted] at his residence.

RECORDS OBTAINED BY JUDICIAL WATCH THROUGH FREEDOM OF INFORMATION ACT
On 09/18/2001 to 09/20/2001, Ryan International Airlines Flight 441 chartered members of the Binladen family carrying 23 passengers none of which were children. Of those 23 passengers, 20 passengers were interviewed based upon the discretion of the Federal Bureau of Investigations (FBI). A was interviewed twice prior to the departure date. He then called the interviewing agent and requested security assistance in getting to the airport. A third interview was conducted during the ride. In addition to interviews, searches of the aircraft and passenger luggage were conducted, identities were checked against the manifest, and record checks were conducted.

Prior to 09/23/2002 several chartered flights which contained Saudi passengers drew a considerable amount of attention. These flights are summarized in the following paragraphs. After 09/23/2002, an undetermined number of Saudis departed the United States aboard commercial and chartered aircraft.

Extensive investigation including follow-up interviews were conducted into 2002 regarding the Providence Rhode Island Charter flight that took place on 09/14/2002 containing 4 passengers none of which were children. On 09/16/2001, Jetlease USA Charter flight from Lexington, Kentucky contained 14 passengers none of which were children. All 14 passengers were identified and confirmed prior to departure by FBI record checks or either INS or USCS.

Records checks were conducted and interviews were conducted where necessary for the three Las Vegas Charter Flights. FBI SAC of Las Vegas made contact with the Saudis at the Hotel prior to departure and obtained copies of passenger lists and passports. Five individuals in the parties were identified and interviewed because of information in IIA.

On 09/19/2001, of the 48 passengers, 3 of which were children, 3 individuals were interviewed because of information on IIA and no derogatory information was prevalent. On 09/20/2001, of the 18 passengers, no children, one person was interviewed because of information on IIA and not derogatory information was found. A US citizen intended to depart for Boston commercially sometime after 09/20/2001, was interviewed, but was not identical to the IIA information. On 09/24/2001, 34 passengers, one of which was a child, departed. No IIA checks for this flight. Following departure for these three flights as of the party. No connections to the 19 hijackers of 09/11/2001 were identified.

We have information about on Saudi Airline flight which arrived on 09/10/2001 in the course of normal business. This flight was stranded at Newark International in New Jersey along with all other commercial flights at the time. As of 09/13/2001, the flight was still stranded. Investigation was conducted, which included record checks and interviews of the 26 crew and 92 passengers. This flight departed after the flight restrictions were lifted.

In addition to Saudis we identified a UAE 747 which departed from Lexington, KY on 09/15/2001 that contained no Saudis. We have included this information because the Vanity Fair article includes a reference to a 747. No children were on board this flight.

(U//LES) RyanAir #441: The "Binaladen Family Flight"

(U//LES) On 09/20/2001, several members of the Binaladen Family departed the United States on Ryan Air flight #441. The FBI interviewed 20 of the 23 passengers, but these interviews yielded no information pertinent to the PENTTBOM investigation.

- The FBI's extensive investigations performed since September 11 2001 have not indicated that any of the passengers aboard RyanAir #441 were of investigative interest in the PENTTBOM investigation.

- Most of the passengers—including [ ] and [ ]—were interviewed before the day of the flight.

- None of the Binaladen family members on this flight had been in recent contact with UBL. All were either half-siblings or the children of half-siblings UBL.

(U//LES) In addition to the RyanAir #441, there were several other flights that departed the US with Saudi citizens aboard shortly after 11 September 2001.

- On 14 September 2001, four passengers, including [ ] a member of the Saudi Royal Family, departed Providence, Rhode Island.

- On 19 and 20 September 2001, a total of 64 passengers, including Saudi [ ] departed Las Vegas, Nevada on two flights.

(U//LES) The FBI and other law enforcement agencies conducted interviews, database checks and security sweeps prior to allowing any of these flights to depart the US.

- Before departure, all passengers' identities were confirmed and compared against watch lists.

- FBI and other law enforcement personnel verified that there were no unauthorized passengers aboard any flights, and swept the aircraft and passengers' luggage for prohibited items.

Are you saying that the "Security Officials" listed on the flight manifest in question have been identified? If so, I would not want to pursue this further with St. Louis or Kansas City. I'll discuss further next time I'm down.

Thanks,

i don't think all the leads to contact Ryan are about 411. as i was going through ACS, i seem to recall seeing a few other cases involving Ryan, but can't remember what they were off the top of my head.

anyway, other than determining who the other security people on the flight were (we know the 1 who started in LA, and then 3 who got on in Boston--i think those 3 were the only ones who flew on the international legs of the flight, but i don't know for sure), i don't think there's anything else we need from Ryan on this issue.

-e

>>>09/30 9:58 AM >>>

FYI, I queried St. Louis JTTF re Ryan International Flight 441, which originated in St. Louis. Specifically, I asked about identities of four security officials listed on flight manifest. St. Louis advised that Ryan is headquartered in Wichita, Kansas; and that review of information at St. Louis indicates that Kansas City Division had approximately 11 leads to contact Ryan International Airlines (NFI).

Pursuant to my original query, St. Louis thereafter set lead to Kansas City, but I have not heard back.

Are either of you knowledgable of the previously set 11 leads at Kansas City? I did not want to duplicate any efforts in an attempt to identify these four security personnel.

FYI, I queried St. Louis JTTF re Ryan International Flight 441, which originated in St. Louis. Specifically, I asked about identities of four security officials listed on flight manifest. St. Louis advised that Ryan is headquartered in Wichita, Kansas; and that review of information at St. Louis indicates that Kansas City Division had approximately 11 leads to contact Ryan International Airlines (NFI).

Pursuant to my original query, St. Louis thereafter set lead to Kansas City, but I have not heard back.

Are either of you knowledgeable of the previously set 11 leads at Kansas City? I did not want to duplicate any efforts in an attempt to identify these four security personnel.

Thanks,

please take a look at the attached EC that attempts to draw together all the information on the Saudi flights after 9/11. It is still in draft form, so please do not disseminate further.

questions, comments and snide remarks are encouraged.

It has been a big help in preparing this report an the executive summary that is going with it. Attached is the copy of the summary as it went up to Mr. Mefford, following review and edits.

Review of information at St. Louis indicates that the Kansas City Division had approximately 11 leads to contact Ryan International Airlines which is headquartered in Wichita, Kansas.

The only record at St. Louis was the receipt of information from [redacted] FAA Security, Kansas City Division), that Ryan International had a private charter scheduled to go from Los Angeles to Geneva on 9/19/2001. "The flight has 24 Saudi Arabians aboard and '11 of them belong to Bin Laden'". This information was faxed to Los Angeles by St. Louis.

Unless I hear something different from you, I will have someone contact the local office of Ryan International Airlines regarding this matter, but probably all records will be maintained in Wichita, Kansas, at this time.

Hope this helps.

Reference our telex, the unit to which I'm assigned has been tasked to obtain specific information concerning Ryan International Flight 441, which originated in St. Louis.

The context for this tasking is an October 2003 Vanity Fair magazine article which concerns wealthy Saudi Arabians, including members of the Bin laden family, being whisked out of the U.S. on private jets shortly after 9/11.

See attached. I am now working on a separate summary for the Vanity Fair Article.
Thank you for the guidance re the Saudi flights post-9/11. Clearly, this is an issue that has been extensively researched.

We are still working with DOJ to determine the most appropriate response to Sen. Schumer's request for the flight manifests. Our inclination is to withhold the manifests and/or passenger lists on the basis of the pending Penttbomb investigation, as well as the privacy interests of the passengers. Nevertheless, this begs the question of whether the manifests/passenger lists are relevant to the pending investigation (or whether we consider this a topic that has been fully explored).

Any input you can provide as to whether there is an active investigative interest in the manifests/passenger lists would be helpful.

We may have to prepare talking points for the Director (not about the flights, but about our unwillingness to release the documents) in the event Sen. Schumer calls him personally to complain.

Though none of us are fans of repetitive briefings, we may try to appease Sen. Schumer by offering the same briefing that was provided to Sen. Feinstein and Sen. Kyl in September. So, you may want to alert potential briefers about this possibility. I understand that Larry Mefford, assisted by [_________________], provided the briefing to Feinstein and Kyl.

I'll advise you once I've heard from DOJ and Sen. Schumer's staff.

[Analyst Comment: The 09/24/2001 flight is included in this communication, even though it departed nearly two weeks after 09/11/2001, because FBI Las Vegas conducted investigations and interviews of its passengers in the same way as those for the 09/19/2001 and 09/20/2001 flights from Las Vegas. (U//LES) Investigative Steps Taken By the FBI Related to These Flights

(U//LES) Prior to allowing any of these flights to depart the US, FBI took steps to identify the passengers and ensure that they did not pose a threat to US security.

(U//LES) Providence, RI Flight, 09/14/2001

(U//LES) In Providence, all four passengers were interviewed and their identity confirmed. They were also asked about their activity in the US. FBI and Immigration and Naturalization Service (INS) performed database checks with negative results. US Customs Service (USCS) and Rhode Island State Police searched the passengers' approximately 1500 pounds of luggage with negative results. (265A-NY-280350-LA serial 4757)

(U//LES) [Analyst Comment: ]

Upon arrival, he found that the school he was supposed to have attended had no places remaining, and the father instructed him to return to Saudi Arabia. Subsequent investigation of this party continued until at least 03/2002, with no derogatory information being revealed. Investigation included follow-up interviews of members of the party. End Comment.

(U//LES) Lexington, KY Flights, 09/15/2001-09/16/2001

(U//LES) In Lexington, prior to the departure of the aircraft with PRINCE AHMED BIN SALMAN BIN ABDULAZIZ's party, FBI and USCS checked the crew and inspected the aircraft. During boarding, each passenger was identified by passport by a USCS officer. The passengers' passports were inspected, and the names were compared.

Re: (U) 265A-NY-280350, 09/24/2003

(U//LES) [Analyst Comment: Open source reporting has suggested that PRINCE AHMED BIN SALMAN BIN ABDULAZIZ's flew from Florida, where he was located at the time of the 09/11/2001 attacks, to Lexington on 09/13/2001 to join flight. An insert from Lexington officers hired as private security also reported that flew from Florida. This would be significant because such a flight on 09/13/2001 would have been in violation of the Federal Aviation Administration's (FAA) flight ban. (265A-NY-280350-LS serial 42)

(U//LES) FAA has not found documentation of this flight. FAA reports that full flight restrictions were still in effect on 09/13/2001, and that special permission would have been required for a flight from Florida to Kentucky. As far as FBI is aware, there is no record of any such permission being granted. In addition, Lexington Airport Police have confirmed that no planes landed at Lexington Airport until FAA had lifted the flight restriction.

(U//LES) According to FBI personnel in Lexington, KY, ordered by PRINCE AHMED BIN SALMAN BIN ABDULAZIZ, to fly from Florida to Kentucky, perhaps because he was concerned for his safety if he drove. However, was not able to fly due to restrictions. As a result, he drove, but told Prince Ahmed bin Salman and his security personnel (including several off-duty Lexington police officers) that he flew. End Comment.]

(U//LES) [Analyst Note: In addition to the flight carrying Saudi passengers, a UAE party headed by a privately-owned Boeing 747. (U//LES) In Las Vegas, FBI conducted extensive investigation prior to the departure of any flights with Saudi passengers. In response to an initial lead on 09/11/2001, FBI Las Vegas interviewed the management of the Four Seasons Hotel and Caesar's Palace, the hotels where the party were staying. Caesar's Palace security provided the FBI with the party on 09/11/2001, and the Four Seasons Hotel provided the same on 09/12/2001 September. (265A-NY-280350-CD Serial 8786)

(U//LES) On 18 September, SAC GRANT ASHLEY, FBI Las Vegas and US Secret Service (USSS) SAC JOSEPH SAITTA met with The Saudis were asked to provide a list of their entire party and photocopies of the passports of the party members. These names and identifiers were run through the Security Directive List and IIIA. There were and those five individuals were interviewed by the FBI on the evening of 18 September. Additional interviews were conducted by INS and USCS.

(U//LES) Prior to the departure of the flight on 19 September, the aircraft was swept, perimeter security was provided and all persons boarding were matched to the previously-provided list and photocopied passports. The same procedures were followed for the other flight carrying passengers of party, which departed on 09/20/2001. On 24 September, a subpoena was served on the Four Seasons Hotel and Caesar's Palace Hotel for and any other hotel records related to the party. All names were checked and no direct connection to the terrorist attacks of 11 September were found.

(U//LES) Prior to the communication from FBI Baltimore alerting Los Angeles, Orlando, Washington, DC and Boston of the Binladens' flight, there had already been several interviews of individuals who would be passengers aboard the flight. In addition to those interviews, most of the other passengers were interviewed prior to the flight. In total, 19 passengers on this flight were interviewed.

(NF) [Analyst Comment: Interviews of the Binladen family members who departed the US on this flight did not reveal any derogatory information. The members of the Binladen family who were living in the US at the time of 09/11/2001 were primarily students or engaged in legitimate business activity. None of the individuals who left the US on the 09/20/2001 flight have been shown to have any links to al-Qaeda or other terrorist-related activity.]

(U//LES) The passengers on this flight were either half-siblings of UBL or the children of half-siblings (half-nieces and half-nephews). None of them had had recent contact with UBL. Several of those interviewed stated that the Binladen family had disowned UBL in the early 1990s, and none reported having had any contact with UBL for at least ten years.

Saudi Flight-184

RECORDS OBTAINED BY JUDICIAL WATCH THROUGH FREEDOM OF INFORMATION ACT
SECRET//NOFORN, ORCON

FBI Executive Summary
Response to October 2003 Vanity Fair Article,
"Saving the Saudis"

(U/LES) The article in Vanity Fair alleges a group of Saudi royals traveled by air from Tampa, Florida to Lexington, Kentucky on September 13, 2001, prior to FAA authorization for these types of flights. It also alleges that a chartered flight left the United States (US) with several members of the Bin Laden family without investigation by the FBI. Both of these allegations are false. There are many other inaccuracies contained within the article.

(U/LES) The FBI conducted investigations prior to the departure of six chartered flights, hired by Saudis wishing to return to Saudi Arabia. None of these flights violated FAA restrictions. The investigations identified 141 passengers aboard these flights. As air traffic recovered, numerous Saudis departed aboard commercial as well as other chartered flights.

(U/LES) In reference to the six flights, the FBI and other law enforcement agencies conducted interviews, database checks and security sweeps prior to allowing any of the flights to depart the US. Before departure, all passengers’ identities were confirmed and compared against watch lists. Investigators verified that there were no unauthorized passengers aboard any flights, and swept the aircraft and luggage for prohibited items. Further investigation was conducted following departure where it was determined to be necessary. No information of investigative value was learned from the interviews or following the departure of these individuals.

(K/NF,OC) On September 20, 2003, several members of the Binladen Family and their staff departed the United States on Ryan Air flight #441. One of the passengers had

(U/LES) Investigation of the other passengers yielded no information pertinent to the attacks of September 11, 2001, or the investigation of Osama Bin Laden. None of the Binladen family members on this flight had been in recent contact with Osama Bin Laden. All of the passengers were either half-siblings or the children of half-siblings of Osama Bin Laden. None of the individuals aboard were suspected of having ties to terrorist organizations.

(U/LES) A chartered flight departed from Lexington, Kentucky on September 16, 2001 with fourteen passengers. Four members of the party, to include [redacted] of Prince Ahmed Bin Salman Bin Abdulaziz, arrived in Lexington from Tampa by car. These four individuals had disobeyed the Prince by traveling by car, instead of by jet as the Prince had instructed them. Hired security personnel, who have been quoted in the article and in interviews with the FBI, have perpetuated the cover story that the four had flown from Tampa by consistently stating there was a charter flight into Lexington. No flights arrived or departed from Lexington on September 13, 2001. In addition, one of the members of the private protection detail has confidentially told FBI agents in Lexington the truth about how the four arrived in Lexington.

RECORDS OBTAINED BY JUDICIAL WATCH THROUGH FREEDOM OF INFORMATION ACT
BINLADEN FAMILY

APPENDIX
(U/FOOU) The Binladen Family

(U/FOOU) Usama bin Laden (UBL) is a member of a large and wealthy Saudi family. The family patriarch, Mohammed Awad Bin Laden, came to the kingdom from Hadramout (South Yemen) sometime around 1930.¹

- In Saudi Arabia, UBL's father became a construction magnate, completing prestigious projects such as the renovation of the holy mosques in Mecca and Medina. As a result, the Binladens are a highly respected family both within the Saudi royal household and with the public.

(U/FOOU) There is some confusion as to the total number of UBL's siblings.

- Some cite that he is the youngest of some 20 sons,² while others claim he is the seventh son.³

- The total number of his siblings might be 50,⁴ 52,⁵ or 54.⁶ In an interview, UBL seemed unsure as well, citing that he had 25 brothers—although he could remember the names of only 20.⁷

- Nearly all of these siblings are half-brothers or half-sisters, as UBL's father had multiple wives. UBL's own [ ] is cited as having only one son.⁸

(U/FOOU) The Binladen family has denounced UBL repeatedly.

- In 1994, the Binladen family issued a statement expressing its "regret, denunciation and condemnation of all acts that Osama bin Laden may have committed, which we do not condone and we reject."⁹

- After the attacks on the US on September 11, 2001, the current head of the family [ ] "The family has previously announced its position [to distance itself] from Usama and condemned his acts. All the family members condemn all violent and terrorist acts, even if Usama is behind them."¹⁰ [ ] is UBL's uncle.

⁷ Abu-Nasr, Donna
⁹ Ibid.
UBL’s own family situation is as unclear as many of the other aspects of his personal life.

- UBL first married at the age of 17 to a Syrian girl who was a relative.¹¹
- One source reports that UBL now has at least three wives and more than 20 children.¹² Another source says that UBL is married to four women and has 14 to 18 children.¹³
- In an interview, UBL is reported to have said that he has only three wives, not the five reported in some accounts. The report said UBL resisted personal questions, saying only that he has three wives and 16 children.¹⁴
VANITY FAIR ISSUES
Counterpoints:

(U) The Vanity Fair article reports the claims of retired Tampa police officer Dan Grossi. He claims that he and a former FBI agent Manuel Perez provided security for a flight from Tampa, Florida to Lexington, Kentucky.

(U) "In addition, FBI documents marked 'Secret' indicated that two members of the bin Laden family, which has repeatedly distanced itself from Osama bin Laden, were under investigation..." 

(U) "they left the US without even being interviewed by the FBI" /

(U) "Osama was not the only member of the immense bin Laden family—there are more than 50 siblings—with ties to militant Islamic fundamentalists."

(U) Richard Clarke: it was either the State Dept or the FBI who initiated the request for the Saudis to depart.
(U) "Meanwhile, the Saudis had at least two other planes on call. Starting in Los Angeles on an undetermined date, one of them flew first to Orlando, Florida, where Khalil bin Laden boarded. From Orlando, the plane continued to Dulles International Airport, outside Washington, DC, before going on to Boston's Logan International Airport on September 19, picking up members of the bin Laden family along the way."

(U) "Other stops for the Saudis are said to have included Houston, Cleveland, and Newark."

(U) "Khalil bin Laden, who boarded a plane in Orlando that eventually took him back to Saudi Arabia, won the attention of Brazilian investigators for possible terrorist connections. According to a Brazilian paper, he had business connections in the Brazilian province of Minas Gerais, not far from the tri-border region, an alleged center for training terrorists."

(U) "...but the documents show that the file on Abdullah and Omar was reopened on September 19, 2001, while the Saudi repatriation was still under way. 'These documents show there was an open FBI investigation into these guys at the time of their departure,' says David Armstrong, an investigator for the Public Education Center, the Washington, DC, foundation that obtained the documents."
FBI Statements attributable to the FBI:

(U) "I can say unequivocally that the FBI had no role in facilitating these flights one way or another." SA John Iannarelli

(U) "According to FBI spokesman John Iannarelli, FBI counterterrorism agents pursuing the investigation were stranded all over the country, unable to fly for several days. Yet now the same counterterrorism unit was effectively acting as a chaperone for the Saudis."

(U) "According to The New York Times, bin Laden family members were driven or flown under FBI supervision first to a secret assembly point in Texas and later to Washington. From there, the Times reported, they left the country when airports reopened on September 14. The FBI has said the Times report is 'erroneous.'"
Indirect or Unofficial FBI Statements:

(U) Richard Clarke: "Somebody brought to us for approval the decision to let an airplane filled with Saudis, including members of the bin Laden family, leave the country. My role was to say that it can't happen until the FBI approves it. And so the FBI was asked—we had a live connection to the FBI—and we asked the FBI to make sure that they were satisfied that everybody getting on that plane was someone that it was OK to leave. And they came back and said yes, it was fine with them. So we said, 'Fine, let it happen.'"

(U) "Altogether, about 140 Saudis were on the flights, according to an FBI source."

(U) "In fact, the FBI had been keeping an eye on some of the bin Ladens. A classified FBI file examined by Vanity Fair and marked 'Secret' shows that as early as 1996 the bureau had spent nearly nine months investigating Abdullah and Omar bin Laden, who were involved with the American branch of the World Assembly of Muslim Youth (WAMY)..."

(U) "But, according to Dale Watson, the FBI's former head of counterterrorism, such investigations into Saudis in the United States were the exception. 'If allegations came up, they were looked into,' he says. 'But a blanket investigation into Saudis here did not take place.'"

(U) "At times, the Saudis who had assembled for departure tried to get the planes to leave before the FBI had even identified who was on them. 'I recall getting into a big flap with Bandar's office about whether they would leave without us knowing who was on the plane;"
says one FBI agent. 'Bandar wanted the plane to take off, and we were stressing that that plane was not leaving until we knew exactly who was on it.'"

(U) "In the end, the FBI decided it was simply not practical to conduct full-blown investigations. 'They were identified,' says Dale Watson, 'but they were not subject to serious interviews or interrogations.' The bureau has declined to release their identities."

(U) "An FBI agent says that they had a right to leave and that being related to Osama did not constitute grounds for investigation."

(U) "A number of experienced investigators expressed surprise that the Saudis had not been interviewed. 'Certainly it would be my expectation that they would do that,' says Oliver 'Buck' Revell, former associate deputy director of the FBI."
SENATOR FEINSTEIN'S QUESTIONS

Saudi Flight-215
Senator Feinstein's Questions

1. Sen. Feinstein believes there are inconsistencies in the FBI's statements as portrayed in the Vanity Fair article. Which of the article's statements, attributed to the FBI, are accurate and which are inaccurate?

2. Who (which department of the government, etc.) initiated and authorized the departure of the Saudi citizens? If it was not the FBI, who informed us about the situation?

3. How many planes were involved in transporting the Saudi citizens out of the U.S.? Do we have the manifest(s)? How many people were on those planes? (Reportedly, Richard Clarke recently testified on the Hill that he knew of only one plane involved. Clarke also stated that he did not know if the FBI interviewed anyone on the plane).

4. Did the FBI conduct any follow-up investigation (interviews, etc.) of the people on the plane (or who were believed to be on the plane)? If so, was the Saudi Arabian government cooperative?

5. What role did the FBI play in this whole affair?
   a. Did we conduct "extensive" interviews of the Saudi's involved?
   b. Did we conduct interviews at locations other than the airplane/airport of the Saudi citizens who were trying to leave the U.S.?
c. Did the FBI conduct any other "background" investigations into those on the plane(s) or believed to be on the plane(s)? If so, what did our efforts consist of?

6. What other agencies worked with the FBI in regards to this situation? What was each of their roles?
