Audit Report - Cook, Jr., Julian A.

The review of your report has been completed. It is designed to remind you of certain reporting requirements and to catch common errors, such as the omission of required information or the selection of an incorrect income or value code.

At this time, the review feature cannot conduct a comparison between Part VII of your current and prior reports to check for assets which were added or omitted without the required transaction information in Column D or an explanation in Part VIII. In addition, the software cannot determine whether the description in Column A lists the full name of a mutual fund, e.g., Merrill Lynch Europacific mutual fund, or the full name of the financial institution where an account is held, e.g., Smith Barney Money Market Fund. It is also difficult for the software to note omissions or errors in IRAs and Trusts when the aggregate reporting method is used but the dash is not included before each asset in the aggregate account.

Most items flagged by this review require correction or completion. Certain additional items are included as general reminders. After making your corrections, please repeat this review process to ensure that you did not inadvertently introduce additional errors into your report.

The review of your report noted no errors in those areas checked for inconsistencies.

If this report is unclear or you have a question about its advice, please call the staff of the Committee on Financial Disclosure, at (202) 502-1850.
