Hey -

Because of this "food fight" (see below) looks like I will be back much sooner than expected - they want me back right now as the [REDACTED] - to be the overall [REDACTED] for the region...go figure...

The briefing this referred to went very badly - I just spoke to our [REDACTED] about it (he is here on leave) - he wants me back there for a meeting between [REDACTED] by the 11th of Jan!!! Don't think I'll make that window.

I sent in the request to have you augment me in the role as [REDACTED] - you'd be very busy working ops and planning if they say yes and you accept.

Will keep you in the loop - you may want to let me know sooner rather than later if there is anything you need from the states.

V/R

[REDACTED] is upset with DHS yet again. As far as I can tell, he wants to know who we work for & our track record.
