VIII. ADDITIONAL INFORMATION OR EXPLANATIONS. (Indicate paragraph/Report.)

Section VI:

as graduate educational loans which are occasionally listed, wrongfully, report. However, our only interest is solely on such loans, and neither the reporting person nor spouse is involved in such loans in any legal Section VII (I): The interest in the "Bose McKinney & Evans Retirement Plan" is an interest in a tax-deferred common trust fund for retirement purposes, which is maintained by the firm, former employer. The overall Retirement Plan is by trustees who are elected from within the partnership of the Bose McKinney & Evans firm. The firm is not eligible to vote for such trustees and has no voice in nominating or otherwise selecting them. The plan trustees have approved as many as ten collective and commingled investment options, and at appointed times resources may be reallocated within and among such options. All Funds listed under such retirement Plan in this Financial Disclosure Report consist of such designated collective investment options. Furthermore, all Funds so listed are managed by independent professional managers who engage in various and/or numerous transactions within their respective funds. In the course of overseeing assets in such various commingled funds, the Plan trustees have delegated to the professional fund managers all authority with regard to purchases, sales, exchanges, or other dispositions of assets within each fund. -accordingly has no more control over individual assets than would be had as an investor in any publically-traded mutual fund. -interest in the Plan as a whole represents less than one percent of the Plan's assets, and Spouse is making no contribution to the Plan outside the reinvestment sources generated from within the above-listed funds themselves.

Section VII (6): "Merrill Lynch Retirement Reserves" is an aggregated and occasionally reportable, temporary accumulation of IRA cash held as reserves and/or swept into deposit accounts in Merrill Lynch banks. This is in essence a cash flow phenomenon which occurs to varying degrees within IRA accounts prior to dividends, etc., being automatically reinvested in the underlying holdings, which themselves produced the dividends. Such underlying holdings are disclosed fully elsewhere in Section VII.
