Sarah was apparently

not aware of the decision to (b)(5) DP AC

(b)(5) DP AC Joe Urban had actually started a secret research project

on whether we could, consistent with 6104, argue that [REDACTED]

[REDACTED] (b)(5) DP AC [REDACTED]

Joe was quite

agitated yesterday when I told him what we were doing. (He was involved

when the initial question was raised, but we didn't continue reading him

in). At one point he started saying that this was a decision for Steve

Miller--I told him we were already doing it, and that I didn't know whether Lois

had already talked to Nikole about this.

Would not be

surprised if he already started working on

Lois.
