Sorry. Too late. He already called me. It was not about WSJ. Just him trying to get better understanding of the scope of the Camp request. He and Troy are talking trying to figure out logistics re: getting the cases they requested. He and Troy are talking in advance of your meeting today with Troy.

Holly,

I need to ask you a few questions. I tried calling the 202-283-9473 number, but I got a recording saying the number was disconnected. Is there a new number I could call to reach you?

Thanks

Tom
