**SUBJECT:** The following is a listing of Mexican Government Incidents reported through the 4<sup>th</sup> Quarter of FY2006:

#### SECTION ONE – INCURSIONS

An Incursion is defined as the unauthorized crossing of the U.S. – Mexico Border by Mexican government personnel. It may be either intentional or unintentional.

- 1. MEXICAN MILITARY INCURSION (ARMED / INTENTIONAL) SAN DIEGO – EL CAJON STATION** – On October 7, 2005, at approximately 9:50 A.M., agents assigned to the El Cajon California Station observed two Mexican military Humvees traveling eastbound along the south side of the border fence. Approximately two minutes later, agents observed two male subjects in the Bell Valley creek bed twenty yards north of the border. Both subjects were dressed in green Mexican military uniforms and were bearing long arms. When they saw the agent approaching, the two ran southbound into Mexico, where they boarded one of two additional Humvees that had been parked in the creek bed on the south side of the border. Both vehicles left the scene traveling eastbound then turned southbound and drove out of view. Agents found foot sign for three to four individuals that had come no further than twenty yards north of the border. At no time did agents have contact or communications with the subjects.

parked on the south side of the International Border, just west of the Colorado River. The first Humvee was joined by two more Humvees with as many as eight soldiers riding in the back. The soldiers entered the reeds along the river and brought out civilians whom they interviewed and released. Two of the Humvees then left the area. Approximately 10 minutes later, Sector Law Enforcement Communications Assistants (LECAs) observed two uniformed Mexican soldiers standing just inside of the US border. They appeared to be scanning the area. They crossed back into Mexico, met two other soldiers; returned to their vehicle and left the area.

**BORFIC Note.** The LECAs were monitoring the Remote Video Surveillance cameras when they observed the intrusion.

- 3. MEXICAN POLICE INCURSION (ARMED / INTENTIONAL) EL PASO – SANTA TERESA STATION** – On October 24, 2005, Border Patrol Agents assigned to the Santa Teresa, New Mexico Station encountered two Mexican State Police Officers near Monument 3, north of the US/Mexico International Boundary. The two officers were identified as [REDACTED] and [REDACTED]. [REDACTED] claimed that he got lost and accidentally drove [REDACTED] marked patrol vehicle into the US and then got stuck in the sand. [REDACTED] then called another officer for assistance and [REDACTED] responded to the location, but also got [REDACTED] marked patrol vehicle stuck in the sand. Both [REDACTED] and [REDACTED] surrendered their weapons to the agents and were transported to the station. All official notifications were made. Both officers were granted a voluntary return to Mexico per El Paso Sector Staff with all their equipment and vehicles after all record checks were conducted. The Mexican Consulate witnessed the departure of the officers back into Mexico.

- 4. MEXICAN POLICE INCURSION (ARMED / INTENTIONAL) YUMA – YUMA STATION** – On October 24, 2005, at 11:50 A. M., a camera operator in the Yuma Border Patrol Communications Center observed via a remote video surveillance site an incursion by two uniformed Mexican Police Officers near Andrade, California. The Mexican Police Officers appeared to enter between thirty and forty feet into the US and spent approximately three to five minutes there before walking back south into Mexico. There were no Border Patrol agents near the immediate area when the incident occurred. The Mexican Liaison Unit was contacted.

- 5. MEXICAN POLICE INCURSION (ARMED / INTENTIONAL) YUMA – YUMA STATION** – On December 21, 2005, Agents encountered a smuggling operation near Andrade, California. While Agents seized most of the smuggled marijuana, the smugglers were able to move the rest of the contraband back to the Mexican side of the river. Subsequently, the Sector Mexican Liaison Unit (MLU) was notified, who contacted the Los Algodones, Mexico, Police Department for assistance. Shortly afterwards,

6. **MEXICAN POLICE INCURSION (UNARMED / UNINTENTIONAL, EL CENTRO, EL CENTRO STATION** – At 5:45 P.M. on January 26, 2006, Border Patrol Agents assigned to the El Centro, California Station observed a Dodge pick-up truck traveling south on a dirt road towards the US/Mexico border. The truck was traveling in an area known for the smuggling of contraband into the United States. The vehicle crossed the border into Mexico and the agents were able to see markings on the truck identifying it as Grupo Beta property. Contact was made with the driver, only identified as [REDACTED] and the passenger [REDACTED] told agents that they were in the area for orientation and did not realize that they had crossed into the United States, but returned to Mexico as soon as they became aware of their location. It was later determined that the vehicle had traveled approximately 200 yards into the United States before returning to Mexico. The El Centro Sector Mexican Liaison Unit was notified of the incident.

7. **MEXICAN POLICE INCURSION (ARMED / INTENTIONAL, EL PASO, EL PASO STATION** – At 1400 hours on February 2, 2006, a Border Patrol Agent assigned to the El Paso, Texas Station observed Juarez, Mexico Police units using their emergency lights across the Rio Grande River in Mexico. The agent went to their location on the U.S. side and observed a Juarez Police Officer on the U.S. side of the Rio Grande River, under the Paso Del Norte Bridge. When the Police officer saw the agent, [REDACTED] immediately returned to Mexico and got into [REDACTED] marked unit and left the area. Agents found a subject on the north side, identified as [REDACTED] reported to agents that the Mexican Police chased [REDACTED] because [REDACTED] was begging under the bridge. [REDACTED] was processed for Re-Entry after deportation (8USC 1326) and placed at the El Paso County Detention Facility for felony prosecution. The Mexican Liaison Unit was contacted and they notified the Mexican Consulate.

8. **MEXICAN POLICE INCURSION (ARMED / UNINTENTIONAL) YUMA, YUMA STATION** – On February 21, 2006, at 2030 hours, Border Patrol Agents assigned to the Yuma, Arizona Station reported an unmarked helicopter (described as a black UH-1 "Huey") flying northbound along the Colorado River, west of San Luis, Arizona. The Yuma Sector Communications Center received confirmation from Air and Marine Operations Center (AMOC) that the flight pattern was northbound and it was in the United States. The U.S. Embassy in Mexico City subsequently confirmed that the helicopter is a military UH1 helicopter that was given to

Mexico by the U.S. government, but it is operated by the Mexican Federal Investigation Agency (Agencia Federal de investigation – AFI) of the Attorney General's Office (Procuraduria General de la Republica – PGR). The helicopter flew north for one-half mile and veered westbound into Mexico. No other activity was reported.

**BORFIC NOTE:** Since the helicopter was a military model, the incursion was originally reported to be a Mexican military incursion. Based on the additional information provided with the assistance of the CBP Attaché Office in Mexico City, the category has been changed from a "Military Incursion" to a "Police Incursion".

**9. MEXICAN POLICE INCURSION (ARMED / UNINTENTIONAL) SAN DIEGO – EL CAJON STATION** – On March 16, 2006, a Border Patrol Agent assigned to the El Cajon, California Station observed a Mi-8 helicopter enter US airspace from Mexico. The helicopter entered west of the Tecate, California POE and flew northwest toward Barrett Junction. The aircraft returned to Mexico seven to ten minutes later. The aircraft entered the US a short time later and flew north of the international boundary and then flew toward Tecate Peak. The aircraft was painted in a camouflage pattern with shades of gray. Air & Marine launched an aircraft to search for the helicopter but was unable to locate it.

**BORFIC UPDATE:** When BORFIC first inquired about the helicopter incursion to AMOC, we were told that the tail number was [REDACTED] which indicates private ownership. BORFIC did not learn of the fixed wing incursion of March 17 until today, 3/21/06. [REDACTED] is the fixed wing tail number registered to a Cessna 150. The registered owner is [REDACTED] of Mexicali. [REDACTED] is not connected with any flight school. The tail number on the MI-8 helicopter is [REDACTED] belonging to the Mexican Federal Police

**10. MEXICAN POLICE INCURSION (ARMED / UNINTENTIONAL) SAN DIEGO, BROWN FIELD STATION** – On April 7, 2006, AT 2030 hours, Border Patrol Agents assigned to the Brown Field, California Station reported an incursion by Grupo Beta near the area of Well Draw, three miles east of the Otay Mesa, California Port of Entry. Grupo Beta officers were chasing a group of three suspected armed bandits and nine illegal aliens at the time of the incursion. The officers followed the group approximately ¼ mile into the United States. Agents responded to the scene and arrested the suspected bandits and illegal aliens. Grupo Beta officers returned to Mexico without incident. Agents did not make physical contact with Grupo Beta, as they were approximately 300 yards away when agents arrived in the area. Grupo Beta dispatch was in contact with Border Patrol Sector Communications.

**UPDATE:** On April 7, 2006, the three suspected bandits were identified as

The bandits and the nine aliens were granted a Voluntary Return and turned over to the Mexican Authorities.

**11. MEXICAN POLICE INCURSION (ARMED / INTENTIONAL) YUMA –**

**YUMA STATION** – At 14:55, on April 16, 2006, Video Surveillance Camera Operators assigned to the Yuma, Arizona Sector observed a uniformed Mexican Police officer pursue an unknown individual from Mexico into the United States. Once in the United States, the unknown subject hid from the Mexican Police officers and evaded arrest. The Mexican Police officers subsequently returned back to Mexico. Agents responded to the area and while attempting to arrest the subject, four Mexican Police Officers once again entered into the United States (approximately fifteen feet) and placed handcuffs on the subject and led the subject back into Mexico. The Tucson Sector Mexican Liaison Unit was notified of the incident.

**BORFIC NOTE:** This incident took place approximately five miles east of the San Luis POE. This area is the site of security fence construction that has been suspended because the military unit doing the work was deployed to Iraq. Because of this incomplete construction effort, the border is not clearly defined in this area, resulting in a degree of confusion. Because of this, some Mexican officers think that an all-weather road about 15 yards on the U.S. side is in fact the International Boundary. (The video surveillance camera shows the Mexican officers stopping just south of this road when they were pursuing the alien.) The Border Patrol Agents subsequently pursued the alien and tackled him on the south side of that road, where Mexican officers helped subdue him while they remained on the south side of the road they believed to be the International Boundary. Agents stated that there is a high level of cooperation with the San Luis Mexican PD. YUM Mexican Liaison Unit will clarify the actual location of the boundary in this area with Mexican officials.

**12. UNCONFIRMED MEXICAN POLICE INCURSION (ARMED /**

**INTENTIONAL) YUMA, YUMA STATION** – At 03:00 on May 7, 2006, Border Patrol agents assigned to the Yuma Arizona Station observed a group of 14 individuals with the "Skybox" surveillance camera. [REDACTED]

b2,  
b7c

[REDACTED] This area is also under observation by two Remote Video Surveillance (RVS) cameras. The group of 14 individuals were observed sitting at the end of the International Boundary fence with their backs against the fence. Two subjects were seen running to the fence from Mexico and approached the group of 14 subjects. Subsequently, all 16 subjects then began running westbound on the north side of the fence.

~~FOR OFFICIAL USE ONLY~~

~~FOR OFFICIAL USE ONLY~~

The agents observed a sedan with a light bar on the roof back up along the south side of the International Boundary fence. Two occupants exited the vehicle and began running around the fence into the United States chasing the group of aliens. The agent in the "Skybox" saw that the two subjects appeared to be dressed the same and were wearing hats. At that time, the two subjects stopped and pointed their arms towards the group of 16. Two gunshots were heard. The two subjects next turned ran back to their vehicle and drove southbound from the area. Border Patrol agents apprehended eight of the group of 16 subjects. None of the apprehended subjects were injured. The other 8 subjects climbed over the fence and absconded into Mexico.

Agents located two spent 9mm shell casings approximately 20 feet north of the fence. The casings were not disturbed and were recovered by the San Luis Police Department. The aliens stated they did not know who had shot at them.

**BORFIC NOTE:** Yuma Sector Mexican Liaison Unit agents have reviewed the video, which they have determined to be inconclusive. They are unable to determine if it was police or military incursion. The quality of the video does not demonstrate the light bar on the vehicle and does not demonstrate if the subjects were wearing uniforms. San Luis Police Department will further investigate.

**13. MEXICAN POLICE INCURSION (ARMED / INTENTIONAL) TUCSON**

**NOGALES STATION** – On June 2, 2006, a Border Patrol Agent assigned to the Nogales, Arizona Station encountered two Mexican Police Officers that had illegally entered into the U.S. one mile west of the Mariposa port of Entry, while in pursuit of a Sexual Assault suspect [REDACTED]

[REDACTED] had attempted to elude the Officers in Mexico and wrecked [REDACTED] vehicle near the border. [REDACTED] illegally entered the U.S. to escape. A Border Patrol Agent observed [REDACTED] and ordered [REDACTED] to the ground. The pursuing Mexican Police Officers had also illegally entered the U.S. and handcuffed [REDACTED] when [REDACTED] was ordered to the ground by the Border Patrol Agent. The Officers attempted to escort [REDACTED] back into Mexico but released [REDACTED] when they were ordered to do so by the Border Patrol Agent. The Mexican Police Officers ran back into Mexico when ordered to remain for questioning. [REDACTED] was transported to the Nogales Border Patrol Station and processed for removal. The US Consular Officer, ICE, Mexican Consulate, and Mexican authorities were notified.

**UPDATE 06/05/06:** Border Patrol Agents assigned to the Nogales, Arizona Station reported that [REDACTED] was processed for felony criminal charges of Reentry After Deportation of an Aggravated Felon, pursuant to title 18 USC 1326. U.S. side of the Rio Grande River, and the driver absconded into Mexico. Several bundles of marijuana were located inside the vehicle. HCSD and DPS officers saw that the following two vehicles were allowed to pass the Humvee, which was on the U.S. side of the river, next to the water. One vehicle safely crossed into Mexico. The second vehicle high centered and stopped abruptly in the river. The Humvee attempted to push and pull it toward Mexico to no avail. Officers then noticed several armed subjects dressed in fatigue type clothing unload the contraband into the Humvee. These subjects set fire to the stalled vehicle before leaving the area. Deputies took custody of the Escalade and the 1,474 pounds of marijuana. Border Patrol Agents were not involved in the pursuit, nor did they witness any of the vehicles enter into Mexico. When the agents arrived at the scene, all vehicles had returned to the Mexican side of the river.

The Texas Department of Public Safety officials filmed the Mexican military vehicle on their dash mounted vehicle cameras. The sheriff's deputies also took still photos of the scene.

**BORFIC NOTE:** At the discretion of the CPA, this incident was removed from the incursion record, and ordered it be carried as an encounter.

[REDACTED]

On 5/24/06, a couple visiting the BBNP (Big Bend National Park) made a report to A National Park Service Ranger via telephone of an encounter with what appeared to be Mexican soldiers. The [REDACTED] in the reporting party stated that [REDACTED] was a Military Captain with the Medical Corp. The Captain reported that at on 5/24/06, at approximately 12:45 p.m., they started on a canoe trip on the Rio Grande through Santa Elena Canyon. The Captain stated that approximately 15 to 20 minutes into their trip they encountered six men dressed in military uniforms wading in the river on the Mexican side of the border. The six men were wearing tan camouflage uniforms and all of them had M-16A2 types of rifles. The men were only carrying small backpacks with what appeared to be personal things in them. The Captain stated that [REDACTED] could tell that the men were soldiers because of the military type formation that they were in while wading down the river. Four of the men appeared to be in their mid 20's and the other two were older. One of the older individuals approached them and tried to have a conversation with them but was unable due to the language barrier. The older individual then called one of the younger individuals to come over and speak with the couple. The individual spoke very broken English and only asked how far down river was the opening of the canyon. The Captain told the individual that the opening of the canyon was about 3 to 4 hundred yards. The Captain said they proceeded on their trip up-river and the men went down river. They made it back to the opening of the canyon around 4:30 to 5:00 pm and that there was no sign of the six individuals. The men did not cross into the U.S. while [REDACTED] was present. The Captain said it appeared the one that looked like he was in charge, had a US Army patch on the left upper pocket of his uniform blouse.
