We are moving forward. Does Bob have information about any of the donors, or the name of the ETA I can contact. JoAnn called, but she is on travel and most likely not reachable. It would be very helpful to have some information about (b)(3)/6103 for purposes of our meeting.

was going to call you today. Thank you for contacting me. (b)(6) was very helpful. Unfortunately, I have not been able to talk to either (b)(6) or (b)(6). I have called Monday and Tuesday and left messages. They have not returned my calls. They may be out of the office. I would like to get some information on at least (b)(5) DP for purposes of discussing the issue in the Front Office. However, before I follow up on that, I have to talk to my Branch Chief, who said our Associate Chief Counsel spoke with him about the issue last evening. Jim, the Branch Chief, wants to talk to me this morning. He is not in yet. I will contact you after my conversation with him because that conversation will probably impact how I proceed from here. Thanks. Lori
