Subject: RE: S berry

Monica: We actually have an account previously set up: SSHRC@state.gov. There are some old emails but none since Jan '11 -- we could get rid of them. You should be aware that any email would go through the Department's infrastructure and subject to FOIA searches.

Let me know if any questions and what you would like us to do.

Thanks!  
John

Subject: S berry

Do you know what her email address would be on a state dept berry?
