

	<p><b>ASK:</b> What could the officers responding do differently?</p> <p><b>ADD:</b> Bring a gas mask, Move past victims to address suspect before rendering aid or extractions.</p> <p><b>FACILITATOR:</b> The next few slides break down what active shooter/killer is.</p> <p><b>SAY:</b> Time is critical in each of these incidents. This is like no other crime. The motive is to kill as many people as possible in the shortest amount of time. Why? Because the bad guy knows "we" are coming.</p> <p>Another thread in 99% of all active shooters is the mental illness component. Just like in the Aurora Colorado incident, active shooters have been shown to have some form of mental illness.</p> <p><b>ASK:</b> What are the priorities of life?</p> <p><b>ADD:</b></p> <ol style="list-style-type: none"><li>1) Hostages/victims</li><li>2) Innocent Bystanders</li><li>3) Police/deputies</li><li>4) Suspects</li></ol> <p>The priorities are there to help focus your action. If in doubt about going through the door after a suspect, think about the victims and where they stand on the list.</p> <p><b>ASK:</b> Where do active shooters take place?</p> <p><b>ADD:</b> Schools, workplace, malls, highways, hospital (etc.)</p> <p><b>SAY:</b> We are going to go over a few active shooter events from the past.</p> <p>The first active shooter on file is the Texas Tower. Bad guy Charles Joseph Wittman, 25, was a student at</p>	<p>Slides 7-9</p> <p>Slides 10-12</p>
