Subject: TIGTA

Judy, Hillary, and I had a good call with TIGTA today. We shared our comments on a number of cases and talked about some of the patterns and inconsistencies in their assessment. They would like our written comments by COB Monday so that they could review the case files and be prepared to meet with us in person on Thursday. They are working on a draft of the report already because they want to get us a draft and get our reaction before the hearing they will have to attend (looks like that will be early March). I have asked (b)(6) to get time on your calendar Monday to go over our written comments before we send them to TIGTA.
