Hi Sheryl,

Sorry we kept missing each other last week.

I heard back from WHC. Can we find a time to talk on Monday?

Thanks.
Heather

Hi Heather – did you ever get any intell re what other agencies are doing re this FOIA request that seeks records about the number of email accounts associated with the Secretary (but isn't specifying "personal" email accounts so we are interpreting as official accounts only). We are considering contacting the requester to find out exactly what it is they are looking for. Do you have any concerns about that approach? Thanks! Sheryl
