Ambassador Carlos Pasqual had his regular telephone call with Lanny this morning and suggested that we might be able to beef up the cleared talking points from yesterday to make clear that F&F is a US-based operation. We agreed to touch base with him at 2:30 (after the AG's hearing is over, so that we can react to anything that the AG says on the topic). Debbie – if you want to participate in the phone call with Pasqual, we'll be placing the call from Lanny's office. Bruce Swartz was also going to reach out to NSS staff to coordinate, so you and Bruce might want to touch base.
