Finding in my email - can definitely pull together general TPs for him to use based on that guidance.

Laura – Lanny wants to respond to the Ambassador. What type of guidance did we give State yesterday and do we anticipate that we will work with State to get out a statement today?

Adding Jason and Laura.

Laura – Was there a decision made on whether a statement was going to be done?

Mythili,

Chris and I met with the Ambassador regarding the ATF issue this morning. The Ambassador sent an e-mail (which is included below) to Lanny and Bruce. As you can see from the Ambassador's e-mail, the Mexican Senate is holding hearings Wednesday. [REDACTED] DP [REDACTED] Since Bruce is out of the US I thought we needed to make sure someone else in the front office saw the e-mail and possibly someone from the Press Office who is prepping remarks for Lanny and the AG.

Please let me know when you have a second to discuss this issue.

Lanny -

I need help on getting a statement and guidance on the ATF case. It is front page news every day, and now it is creeping into the policy and political discussions. [REDACTED] DP [REDACTED]

DP

The Mexican Senate is holding hearings Wednesday. The head of the Senate Foreign Relations Committee says I should be PNGed because of course I should have known that ATF was allowing arms to flow across the border. The concern about me is secondary - [REDACTED] DP [REDACTED]

As you can see below, I have gone back and forth with Ken, and he can't get something cleared with OPA. I understand that Holder has a hearing tomorrow and you have the event on the CJ RICO case at 3:00, so you have your own interests to get out a more accurate story.

Dennis' comments are at OPA in DOJ for clearance. These are the ones we sent to them today to prepare something for you. I should probably check in the morning.
