Thanks - I thought that was the case since I have seen Robbie's name attached to everything. I will be sure to use his contact from now on.

Tim: Good move! You can give Robbie Sherwood's number now as he is handling our press. Manny is back to his Community Relations job. Thanks! PJC

FYI -

I wanted people to know I just received a call from ABC News telling me they had just spoken to Carol Terry and wanted to ask me questions about my role in the case. I told him I was unable to answer any questions from the press and that he would have to speak to our public information officers in Phoenix. I gave him Manny Tarango's number.
