We are seeing an uptick in these. Orza from Feinstein's office also called. Any suggestions on how we respond?

Hey [redacted] ATF

My boss has gotten some questions about Project Gunrunner and the straw purchases recently, and I was wondering if I could get a quick update from you all on this – doesn't need to be anything formal, maybe just a quick phone call. Alternatively, if there are any recent talking points from the Bureau that you could share, I'm sure that would be helpful.

Thanks very much,

-Justin
