The Ambassador's office has been asking us similar questions. We've provided copies of Lanny's May and October itineraries to the Ambassador's office.

Attached to this e-mail is a copy of the letter that State Department received regarding this issue. Is this the same letter that DOJ received? The Ambassadors' office was hoping to look at a copy of the letter that DOJ received.

I have provided Eileen Higgins, Staff Aide to the Ambassador, Mythili's contact information. Eileen will pass the information to State so State can coordinate.

Thank you,
Tony

Tony -- Lanny just had forwarded to him a letter sent from Senator Grassley to Secretary Clinton asking for any records from the summer of 2010 at which Lanny and "his deputy" might have been briefed in Mexico City, along with the Ambassador, on ongoing investigations involving Gunrunner. My quick glance at Lanny's calendar suggests that his trip to Mexico was in May 2010 (I don't see any other trips that summer) -- would you happen to have his schedule of mtgs from that trip? I'm just trying to get a handle on what his trip schedule would have been. (Also, can you confirm for me whether there were any other trips to Mexico by Lanny that summer -- I don't think so, but I wanted to double check).
