Subject: Rough draft response to Smith's 3/9/ letter re Fast & Furious
[Smith Project Gunrunner response.docx](#)

Please see the enclosed draft, which we have crafted from Jason's original doc and my notes from the meeting yesterday. Could we ask you all to take a look at this and edit it as needed to fill in the blanks and otherwise flesh it out if possible before we circulate it to the broader group? Thanks much - I advised Matt Axelrod that we'd try to have something for him by Monday. We'll also need to draft responses to the Issa and Grassley responses, which we can begin now in OLA, but your assistances in moving ahead on this Smith response would be most helpful. Thanks. Please call if it would be easier to talk about this on the phone. We're here.
