Subject: language for ODAG re: fast and furious

Mythili,

ODAG (Matt and Debbie) requested language from us that they can consider including in the response to Rep. Smith and other Members that can also be used to provide a preliminary “official” DOJ response to Mexico to address Mexican concerns regarding Fast and Furious – such as that ATF was engaged in an inappropriate undercover operation.

Molly drafted the paragraph which Jason agrees is the right message. Are you ok with us sending this to ODAG for their consideration (in doing so, we can suggest that they consult with ATF / USAO on this as well)?
