Matt: Thanks for the voice mail. Would you mind putting in an email what your described as the various means by which the USAO in New Mexico, FBI, DEA and ATF are assuring that no guns will leave this country in connection with the matter described in the Case-Related urgent report that was sent yesterday? I would like to pass it on to the AG.

Thanks very much. I am in the office now if you want to talk. (4.3892).
