Ron— On second thought, I think the bill is worth mentioning. Any chance of passage? Here's the revamped agenda.

Looks right to me. Only other issue we might add —although this is also Lee's lane—would be Unrelated and anything you expect in that area in the near term. I think no need to mention IG subpoenas at the moment, but Mark may know more than I do on that.

Also, Stuart asked last meeting about Unrelated and strategies for moving that. I discussed this briefly w/ Chris Shroeder and he agreed that made sense, so we should figure out a time to coordinate - although I realize it may make sense to wait til after the AG hearings, so don't know that we need to discuss this now. Ron—Wanted to be sure you'd seen that tomorrow's OLA meeting is still on w/ the DAG. I think he may ask about the as well as the ATF issues and noms.
