Me, too. ICE has a really acrimonious relationship with ATF and the suspicious part of me thinks they turned it over.

I'm curious to know which one of the recipients of Shelley's email turned it over to Grassley.

These document to be released by Grassley include the authorization for the first wiretap, a briefing memo laying out our strategy of reaching the second level of the traffickers and an email by Shelley from 2011—a complete non sequitur in my view! I am working with Matt to get him all the current orders sealing the wire tap authorization under 18 USC 2518. Thanks. PJC
