Terry: She met with Terry's cousin this morning. Hopefully we'll have news on *Terry* on Friday that we can share with everyone.

John Evans said he has an e-mail from Border Parol wherein they were informed FBI is planning a major press conference on Friday. He'll send the e-mail to Ann. Ann said Robbie talked to their PAO about doing that if we're going to unseal everything. John said Border Patrol wants uniforms there if doing a press conference. Ann said we will call it off if we need to.
