Hi,

I am attaching a pdf file of all comments and responses received by the Attorney General's Suggestion Box between April 09 and last week that pertain in some way to ATF management.

I would appreciate your keeping in mind that we promise writers that their confidentiality will be respected; that while it cannot be absolute, knowledge of their names and the content of their messages will be confined to a small universe where the information will be treated with sensitivity. I should also point out that the form on which one sends the email to the Suggestion Box reminds employees of their duty to report any misconduct, fraud or abuse to the Inspector General.

Please let me know if I can be of any further assistance.

Best,
