He didn't supervise the case though did he?

Knew about the case in part because of his supervisory role, and a willing speaker to investigators.

Subject: House Hearings on F and F

Matt:
I have learned Supervisory Special Agent ATF of ATF has advised ATF management here in Phoenix that Congressional staff contacted ATF over the weekend and advised him that the House will hold hearings on F and F. Today I learned that the scheduled hearing date is June 16, 2011 and that ATF advised the Committee staff that he would indeed be willing to testify in the hearing.

ATF recently commented on one of our 50 caliber gun seizures. I will send details. PJC
