Tracy,

Thanks so much for working this out. As of last night, we've reached agreement with HOGRC to start doing the interviews. The first one will be next Wednesday at 10:00 AM. Not sure what your schedule is like, but we should start getting you up to speed as soon as possible. ATF has lost power due to a brownout, but if you have time today, it would be great if you could come by here. I can set you up in an office with a complete set of ROIs, which will be a good way to introduce yourself to the case. Just let me know.

Matt

Hi Matt,

I wanted to follow-up on our telephone conversation to let you know that I would report directly to Dana Boente on any assistance I might provide relating to interviews on the "Fast and Furious" program. In the event that you seek our assistance, I will wait to hear from you on the next steps.

Thanks, Tracy
