Subject: Congressional Subpoena

[ATF]

My law firm has been representing Agent [ATF] in connection with the congressional and OIG investigations of Project Gunrunner/fast & furious.

Yesterday, we received a call from Steve Castor of the House Oversight and Government Reform Committee asking whether [ATF] preferred to testify with or without a subpoena, as Castor had been directed by Chairman Issa to secure his testimony. One difference explained to me by Castor is that if [ATF] chooses to appear without a subpoena he can bring with him a government attorney. If he chooses to attend with a subpoena, he cannot be accompanied by a government attorney.

[ATF] is considering his options and may be interested in appearing with a government

attorney.

Mr. Newell informed **ATF** that you are ATF counsel point of contact.

Please excuse my use of email to contact you, but I've attempted today to call the main telephone number of ATF's office of chief counsel to discuss this with you, but no one answers.

Can you discuss this with me? Issa's staff is eager for a response on how to proceed with **ATF** and **ATF** prefers to coordinate with ATF.

Thank you in advance for your assistance.
