WPost: Terrorist's Message "Catalyst" To Close "Gun Show Loophole," "Terror Gap." The [Washington Post](#) (6/7, 572K) editorializes, "There may never be a better spokesman for closing the gun show loophole than Adam Yahiyeh Gadahn," an "American and convert to Islam" who is now an Al Qaeda leader and is calling "on extremists in the West to take up arms against

the United States." In his recent message, Said Gadhafi, "You can go down to a gun show at the local convention center [in the US] and come away with a fully automatic assault rifle, without a background check, and most likely without having to show an identification card. So what are you waiting for?" Adds the Post, "Gadhafi's call to arms should serve as a catalyst for the White House and Congress to move on legislation to close the gun show loophole and the terror gap."
