Subject: F&F Hearings and US-Mex Interparliamentary Group Meeting

All –

In light of the challenging convergence from a public diplomacy perspective lining up for the week ahead – House Oversight hearings on F&F (June 14 and 15) and the U.S.-Mexico Interparliamentary Group meeting in Washington, DC (June 15) – I wanted to make sure that those who need them have up-to-date, coordinated, cleared guidance that both the DC-based interagency and Post can use on F&F.

If such exists and in the hands of those who need them, my apologies for being behind the curve.

Thanks.
Dan
