Margaret:

I understand from Doug on our clearance staff that these can't be written yet -- per ODAG instructions -- as docs are still being produced. Maybe Ron and Faith can supply a date, after Ron's done testifying. He's on the hotseat right now, as I'm sure you know.

We are trying to set a date certain for when we will respond to Sen. Grassley's pending QFRs for the agreement on nominations. Could you all let me know what an expedited but realistic date would be? We need to set this today.

Thank you,
Margaret
