Can't find any discussion from Issa post-hearing. Googling Dennis only produces hits on Lapree and other cases. There is one blog that has published numerous emails and mentions Emory's name.

Robert Anglen called for comment. Wants response to what Issa was saying after the hearing that you allowed this to go on, basically laying the blame at your feet. He also tells me that the Governor is releasing a statement shortly, probably lambasting you.

I'll forward Robert's questions when he sends them.
