One note after looking at the slide -- the total is wrong. $196 + 372 = 568$. (at least only off by one.)

Tracy,

One of the docs we produced today has the count of F and F guns recovered (at least as of sometime after Jan 25, 2011 -- the numbers have risen a little since then as add'l guns have been recovered). The chart shows 196 guns recovered in MX and 372 recovered in the U.S. The Bates # is HOGRA ATF 001507.
