Ok, thanks. Sure glad we didn't send the letter last night. Would have seemed very odd.

That's the semi-annual report I mentioned below - there's one reference to F & F at p. 32. It's really about legislation, lists of hearings, and other Committee, including subcommittee, accomplishments during the first 6 months of this year.

Subject: today's HOGR business meeting

Steven, sorry for any confusion here, but per the link below, there was nothing relating to the F & F oversight matter listed on today's agenda and, per my discussion with minority counsel just now, nothing was said about it at the meeting.

He advised that Issa will be putting out something in response to the press article today about his knowledge of F & F, noting that Cummings also attended any briefing, and Cummings might have made some passing remark about how the Committee is working on it, but this was not discussed at the meeting.

The end of the business meeting agenda includes the Committee's semi-annual report, which sets forth a reference to the ATF oversight at page 32, but it's limited to that.

I hope that's helpful, but please let me know if there are still questions. Thanks. FB
