Yes. Chambliss staff just asked us to deliver rather than them coming here, because they are preparing for Petraeus hearing at 2:30 and don't want to leave Hill. **DP**

Votes could be today if Chambliss tells GOP cloakroom yes, and Martha Scott says she will try to get there. But in light of Petraeus hearing I am somewhat pessimistic about getting it done today. **DP**

I just spoke to Martha Scott. She will determine how long it would take to get the docs through Senate security. If it seems like that will take too long she is open to physical inspection here, but she seems to prefer delivery and I made clear we would have no problem doing that.

The Reid guy tells me that it is possible the votes will be tomorrow afternoon if Chambliss says OK (he specifically said Chambliss, not Grassley).

Also, I've attached the final text of the letter Leahy will send tomorrow.
