M: pages 26 and 27 are the traces from Terry crime scene guns. Since that matter is going to trial presently, I think we should withhold. However, the pages show entry into Suspect guns on January 19, 2010. The rest are Mexican traces and Congress has numbers of guns seized in Mexico already. We should ask if all the guns traces from guns seized in Mexico from all investigations nation-wide during the time of the subpoena are being disclosed. They are responsive as guns that ended up in Mexico, correct?
