FYI.

Forgot to mention in the GRIT proposal the need for a detailed TOO. Our TOO is currently burning himself out. As you may have heard during the summer's home invasion initiative, he is a top notch TOO but he is killing himself with all the cases we have going on, including this one, the **ATF** several OCDETF cases, VCIT cases, and on and on. If you could include a request for a detailed TOO in your conversation with Mark and Billy about our GRIT proposal I'd appreciate it. Thank you Senor, have a good weekend.
