His staff claims they didn't talk about F+F. No such briefing for Grassley.

Ron,

I finally caught up with the backlog of newspapers from our time away and came across the Post story of June 20 reporting that Issa had been briefed on F&F last year and raised no objections to the program. I assume you saw this. Has there been any fallout from that revelation? Any indication as to whether Grassley or others on Judiciary received a similar briefing?
