Ron made a deal of some sort with Grassley on timing. I asked Matt to work with you on juggling working on the responses prioritizing this project with the document production but I guess he did not. Now they are coming down hard on me again -

Can I call you in about 45 minutes?

Received. Trying to bang out the pleas and numerous free talks on this investigation. And, the same people working on those would work on these answers. What is this 2 week deadline a result of?
