Ann, I wanted to talk with you on the phone as soon as you have a few minutes about the Committee's requests for transcribed interviews. Also, could you please ask your folks to review the draft docs enclosed here and provide us with comments. The timeline is for internal use only in preparation for the briefing referenced in the draft letter. Jamie, could you please send Ann the Issa incoming?
I'm available any time this afternoon that works for you. Please just let me know. Thanks. FB
