

Optical Scan Instructions

1 Fill In Ballot Correctly

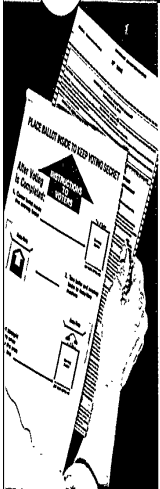

COMPLETELY fill in the oval to the left of the candidate or issue of your choice.

If you wish to vote for a declared WRITE-IN candidate, find the blank line provided for "Write-in."

Clearly write the name of the eligible write-in candidate on the blank line. Fill in the oval to the left of the blank line.

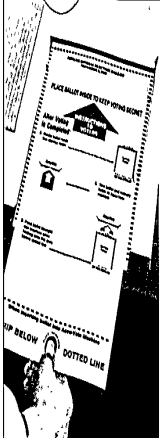

2 Review Your Ballot

If you have questions, ask an Election Judge for assistance. If you make a mistake, an Election Judge will void the ballot and give you a new one.

When you have completed voting, place your ballot in the secrecy sleeve so your votes cannot be seen.

3 Take Ballot to Scanner

Take your ballot to the optical scan unit and feed the ballot into the unit as shown. This will cast your vote. Return the secrecy sleeve to an Election Judge. That's it! You have successfully cast your ballot.
