Mr. Justin McCarthy

425 Third St., SW, Suite 800
Washington DC 20024

Dear Mr. McCarthy

This letter is in response to your August 8, 2013 Freedom of Information Act (FOIA) request for 1) any and all records concerning mission taskings for President Obama's December 2012 flight to Honolulu, Hawaii and return flight to Washington, DC; 2) all records concerning transportation costs for President Obama's December 2012 flight to Honolulu, Hawaii and return flight to Washington, DC; and 3) any and all passenger manifests (DD-2131) for President Obama's December 2012 flight to Honolulu, Hawaii and return flight to Washington, DC. Attached are all reasonably segregable portions of the requested records.

Concerning Item 1 of your request, a search for responsive records was conducted and no Air Force mission tasking records were located.

Concerning Item 2 of your request, included are the AFTO Forms 781 for President Obama's December 2012 flight to Honolulu, Hawaii and return flight to Washington, DC. The FY13 cost per flying hour (CPFH) for the VC-25A aircraft is \$228,288.00 per hour. Please note that the CPFH includes fuel, flight consumables, depot level repairables, aircraft overhaul, and engine overhaul.

Concerning Item 3 of your request, we must provide a "no records" response for the manifests (DD Form 2131) you requested. In accordance with Air Mobility Command Instruction (AMCI) 24-101, the Air Force does not maintain copies of passenger manifests after the active mission leg is complete.

The FOIA permits the government to withhold information in "personnel files, medical files, and similar files." The term "similar files" has been interpreted broadly to include information that "applies to a particular individual." The Supreme Court noted, "When disclosure of information which applies to a particular individual is sought from Government records, courts must determine whether release of the information would constitute a clearly unwarranted invasion of that person's privacy." (See *United States v. Washington Post Co.*, 456 U.S. 595, 602 (1982). There must be a balancing between the public interest in releasing the information

and the private interest in not releasing the information. In this case, since there is no public interest, any privacy interest must be protected. Authority is the Freedom of Information Act, Title 5, United States Code, Section 552(b)(6).

If you consider our decision to be adverse in nature, you may appeal this decision by writing to the Secretary of the Air Force, through HQ AMC/A6XX (FOIA), 203 W. Losey St., Room 3600, Scott AFB IL 62225-5223, within 60 calendar days from the date of this letter. Include your reasons for reconsideration and attach a copy of this letter.

There are no assessable fees associated with this case. For questions, please contact Ms. Denise Rodgers at (618) 229-5573 or e-mail at amca6.foia@us.af.mil.

Sincerely

Dear Mr. McCarthy

This letter is in response to your August 8, 2013 Freedom of Information Act (FOIA) request for 1) any and all records concerning mission taskings for President Obama's August 2013 visit to California; 2) all records concerning transportation costs for President Obama's August 2013 visit to California; and 3) any and all passenger manifests (DD-2131) for President Obama's August 2013 visit to California. Attached are all reasonably segregable portions of the requested records.

Concerning Item 1 of your request, a search for responsive records was conducted and no Air Force mission tasking records were located.

Concerning Item 2 of your request, included are the AFTO Forms 781 for President Obama's August 2013 visit to California. The FY13 cost per flying hour (CPFH) for the VC-25A aircraft is \$228,288.00 per hour. Please note that the CPFH includes fuel, flight consumables, depot level repairables, aircraft overhaul, and engine overhaul.

Concerning Item 3 of your request, we must provide a "no records" response for the manifests (DD Form 2131) you requested. In accordance with Air Mobility Command Instruction (AMCI) 24-101, the Air Force does not maintain copies of passenger manifests after the active mission leg is complete.

The FOIA permits the government to withhold information in "personnel files, medical files, and similar files." The term "similar files" has been interpreted broadly to include information that "applies to a particular individual." The Supreme Court noted, "When disclosure of information which applies to a particular individual is sought from Government records, courts must determine whether release of the information would constitute a clearly unwarranted invasion of that person's privacy." (See *United States v. Washington Post Co.*, 456 U.S. 595, 602 (1982). There must be a balancing between the public interest in releasing the information and the private interest in not releasing the information. In this case, since there is no public interest, any privacy interest must be protected. Authority is the Freedom of Information Act, Title 5, United States Code, Section 552(b)(6).

Dear Mr. McCarthy

This letter is in response to your August 19, 2013 Freedom of Information Act (FOIA) request for 1) any and all records concerning mission taskings for President Obama's August 2013 visit to and from Martha's Vineyard, MA; 2) all records concerning transportation costs for President Obama's August 2013 visit to and from Martha's Vineyard, MA; 3) any and all passenger manifests (DD-2131) for President Obama's August 2013 visit to and from Martha's Vineyard, MA; and 4) any and all records of a special flight transporting President Obama's dog, Bo, to Martha's Vineyard. Attached are all reasonably segregable portions of the requested records.

Concerning Items 1 and 4 of your request, a search for responsive records was conducted and no Air Force mission-tasking records, nor records concerning a special flight for President Obama's dog, were located.

Concerning Item 2 of your request, included are the AFTO Forms 781 for President Obama's August 2013 visit to California. The FY13 cost per flying hour (CPFH) for the VC-25A aircraft is \$228,288.00 per hour. Please note that the CPFH includes fuel, flight consumables, depot level repairables, aircraft overhaul, and engine overhaul.

Concerning Item 3 of your request, we must provide a "no records" response for the manifests (DD Form 2131) you requested. In accordance with Air Mobility Command Instruction (AMCI) 24-101, the Air Force does not maintain copies of passenger manifests after the active mission leg is complete.

The FOIA permits the government to withhold information in "personnel files, medical files, and similar files." There must be a balancing between the public interest in releasing the information and the private interest in not releasing the information. In this case, since there is no public

If you consider our decision to be adverse in nature, you may appeal this decision by writing to the Secretary of the Air Force, through HQ AMC/A6XX (FOIA), 203 W.
