Attachments: Draft Testimony 4-3-13.docx

We are going to proceed with CI testifying for IRS at the hearing. Attached is a early version of the written testimony where I tried to separate the issues and make it clear that CI will not be discussing substantive c4 rules. It needs some work - as noted (and some formatting needs to be changed). We need to get the document in shape soon so that we can send through clearance.

Susie/Terry/CI - can you decide who will take the lead in getting this ready to go and recirculated for all to take a close look? Adding Chris who supplied the 7206 material. We'll also need a shorter oral testimony and a prep with Steve on Monday (so adding Corina).

Thanks
