425 Third St., SW, Suite 800

Dear Mr. McCarthy

This letter is in response to your October 20, 2014 Freedom of Information Act (FOIA) request for 1) any and all records concerning mission taskings for President Obama's October 9 and 10, 2014 trip to Los Angeles, California; 2) all records concerning transportation costs for President Obama's October 9 and 10, 2014 trip to Los Angeles, California; and 3) any and all passenger manifests (DD-2131) for President Obama's October 9 and 10, 2014 trip to Los Angeles, California. Attached are all reasonably segregable portions of the requested records.

Concerning Item 1 of your request, a search for responsive records was conducted and no Air Force mission tasking records were located.

Concerning Item 2 of your request, included are the AFTO Forms 781 for President Obama's October 9 and 10, 2014 trip to Los Angeles, California. The FY15 cost per flying hour (CPFH) for Air Force One (VC-25A) is \$206,337.00. Please note that the CPFH includes fuel, flight consumables, depot level repairables, aircraft overhaul, and engine overhaul.

Concerning Item 3 of your request, a "no records" response is provided for the manifests (DD Form 2131) you requested. In accordance with Air Mobility Command Instruction (AMCI) 24-101, the Air Force does not maintain copies of passenger manifests after the active mission leg is complete.

The names and last four of the social security numbers of the U.S. Air Force aircrew members on the AFTO Forms 781 have been redacted in accordance with FOIA Exemption 6, as release would constitute a clearly unwarranted invasion of that person's privacy. There must be a balance between the public interest in releasing the information and the private interest in not releasing the information. In this case, since there is no public interest, any privacy interest for the aircrew members must be protected. Authority is the Freedom of Information Act, Title 5, United States Code, Section 552(b)(6).

UNRIVALED GLOBAL REACH FOR AMERICA...ALWAYS!
