Ha, of course I don't mind! I'll work on that tomorrow. That animal pen is kinda gross, but I totally applaud your effort!

Thanks , Marie.

would you mind looking into getting us some of the third floor specs ...as the open source plan is missing those: height of walls, etc.?

We will be building a full scale replica of the house. Including the inhabitants of the animal pen!

Mark

Jonathan,

Ok, I checked with our folks, and that floor plan matches up with what we have. It looks legit to us.

And thanks for the note about the additional time on the schedule for tomorrow. I'll see if I can get another meeting in there.

Cheers,
Marie
