Re: DOJ-2017-002048 (AG)
No.1:17-cv-00832
DRC:JRS

Dear Mr. Dunagan:

This is a final response to your Freedom of Information Act (FOIA) request and related lawsuit, seeking emails to or from former Acting Attorney General Sally Yates for the period of January 21, 2017, through January 31, 2017.

By letter dated October 24, 2017, we provided you with an interim response and informed you that we were continuing to process records. Our work on your request is now complete. We have completed processing of an additional 110 pages of records responsive to your request. I have determined that four pages are appropriate for release without excision. I have also determined that thirty-eight pages are appropriate for release with certain excisions made pursuant Exemptions 5 and 6 of the FOIA, 5 U.S.C. § 552(b)(5) and (b)(6), and copies are enclosed.¹ Exemption 5 pertains to certain inter- and intra-agency communications protected by the deliberative process privilege and attorney work-product privilege. Exemption 6 pertains to information the release of which would constitute a clearly unwarranted invasion of the personal privacy of third parties.

The remaining sixty-eight pages are being withheld in full pursuant to Exemptions 5 and 6 of the FOIA. Please note that the records withheld pursuant to Exemption 5 pertain to inter- and intra-agency communications protected by the deliberative process privilege and attorney work-product privilege.

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. *See* 5 U.S.C. § 552(c) (2015) (amended 2016). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

¹ Please be advised that certain paragraphs within these thirty-eight pages have been released as a matter of discretion.

If you have any questions regarding this response, please contact James Bickford of the Department's Civil Division, Federal Programs Branch, at (202) 305-7632.

Sincerely,

A handwritten signature in black ink that reads "Daniel Castellano". The signature is written in a cursive style with a long horizontal flourish at the end.

This authority is scheduled to expire on December 31, 2017, and because of its extreme importance to U.S. national security, Section 702's reauthorization should be a top DOJ legislative priority. With three notable exceptions, due to the limited missions and authorities of ATF, DEA, FBI and USMS, the Department declined to send law enforcement personnel to North Dakota: USMS sent a mobile tactical unit and personnel when the federal courthouse came under threat, ATF is leading criminal investigations into the use of incendiary devises by protestors, and FBI sent in agents from their Behavior Analysis and Crisis Management Unit. DOJ was also asked to provide funding to reimburse state and local law enforcement for overtime expenses. JMD and OJP examined the Department’s budget and OJP grants and determined that North Dakota could reprogram existing DOJ grants but that no new money was available.
