I am in the front office today processing your requests. On the CODEL Pelosi manifest Beatrice Payne's name has an m after it instead of a comma. If you want to just e-mail me the manifest I can update or you can update and e-mail it to me and I will reprint.

Thanks!

Please adjust meet up time for Motorpool support to 1640hrs based on new "wheels down" time of aircraft (attachment 1), also please note that Leader Pelosi's Supervising Agent for this detail, SSA (b)(6), is also requesting that the 42-PAX bus be in place at DV lounge 90 mins/1.5 hrs prior to our touch down (attachment 2) based on ranking of lead passenger and accompanying travelers. I am currently on travel with CODEL Pelosi but am available by way of my BB ((b)(6)) if this requires further discussion and/or information. SSA (b)(6) has been included on this update as well. Please "REPLY ALL" should you need to touch base with him or you may contact him by way of the numbers provided on his signature block in attachment 2.

GM or Afternoon and I hope all is going well with the Codel thus far,

Just wanted to give you a heads up as it relates to the Codel return to Andrews this Thursday. From my side, it will be done the same way as in the past.

We will still have 1 agent assigned to the US Capitol Police Car to escort the bus from the Tarmac to the RHOB.

We will also have one agent in a separate vehicle escort the luggage truck from the tarmac to the RHOB as well.

We would request that both the Luggage Van and the bus report to the DV lounge (on the non-tarmac side) 1.5 hours before wheels down. We will have the vehicles swept at that time and will remain.

My apologies for one oversight...1) LIMC should be LIML and 2) minor point that wheels up UKBB is 1100 (not 1000) which was a typo on the last TR.

TR v6 is attached.

lead planner, and (b)(6) (b)(6) was also on the trip receiving training to perform as lead planner in upcoming CODELs. The CODEL executed the in-country agenda per the attachment above.

DISCUSSION: Leader Pelosi opened all substantive meetings explaining that the key focus of her delegation was security to include how economic and food security play into the traditional national security calculus. She often deferred to Rep Veasey for the first question given his position on the HASC. In meetings with Italian principals, questions and discussions focused on Italy's experience with the on-going migrant crisis as they continue to intercept at sea migrants leaving North Africa for Italy and then on to Northern Europe. They also discussed the continuing economic stagnation in Italy and the budgetary pressure it has put on the government.

In Naples the members had extensive briefs on US and NATO operations covering the southern flank and NAVFAC/6th Fleet involvement with the situation in Ukraine. After a welcome by ADM Ferguson, the CODEL received a tour of 6th Fleet's command center (akin to an AOC for the maritime forces) and an in-depth mission brief by the 6th Fleet Commander, VADM Foggo. The CODEL then transitioned to the NATO Joint Forces Command Headquarter where members received a mission brief at their command center along with a demonstration of how the Admiral carries out command and control with his allied staff. As the briefing went on, the discussion became increasingly focused on Ukraine, Russian provocation, and NATO/US reactions. Members continued to ask about the potential for US aid to Ukraine to include lethal aid.

Engagements in Milan were focused around the 2015 EXPO hosted by the city with a focus on food and food security. There were limited DoD equities.

Finally, in Kyiv, members had substantive engagements with the members of the Rada (Ukraine legislature), the Mayor of Kyiv, the Chairman of the National Security and Defense Council, the Prime Minister, and President Poroshenko. In each meeting members were asked to continue and expand US assistance to Ukraine including the continuance and deepening of sanctions on Russia and lethal defensive aid to Ukrainian military forces. Members acknowledged Ukrainian needs and expressed the requirement of continued government reforms, most importantly that focused on anti-corruption.

CONGRESSIONAL CONSIDERATIONS: Members were increasingly sympathetic to providing defensive aid to Ukraine to stabilize the reform government and enable its reforms. This drove much of their question and answer portion of Gen Gorenc's briefing. He had recently met with the Ukrainian Air Chief and members asked for his impressions and thoughts of the situation there in addition to his assessment of NATO's response.

Sidebars with members were valuable. The highlights were those with Rep Veasey. He is interested in learning more about F-35, CV-22, and all things Sikorsky/HH-60 (due to L-M's recent acquisition of the company). Also, Rep Richmond (D-LA) may be interested in Air Force efforts regarding cyber security (he has that portfolio on Homeland Security).

Standing by for questions,

V/r

- MCCAIN'S NOT THE ONLY ONE PLANNING A DEFENSE-RELATED CODEL DURING THE SUMMER RECESS, as POLITICO's Lauren French reports: "Minority Leader Nancy Pelosi will travel to Italy and Ukraine starting [yesterday] on a congressional delegation intended to underscore the U.S. commitment to security in that region. Subject: POLITICO's Morning Defense: Reed, Smith side with McCain in NDAA standoff — Thornberry's the top recipient of defense dollars — Michaud nominated for veterans post

By Austin Wright

With Louis Nelson and Jeremy Herb

EXCLUSIVE - REED, SMITH SIDE WITH MCCAIN IN NDAA STANDOFF: The top Democrats on the House and Senate Armed Services Committees are siding with SASC Chairman John McCain in his standoff with HASC Chairman Mac Thornberry over military health care fees, according to a source with knowledge of the closed-door negotiations. Sen. Jack Reed and Rep. Adam Smith are supporting McCain in trying to put in place a Pentagon plan to phase in increases in co-pays for drugs purchased through Tricare by mail or at retail pharmacies while continuing to allow prescriptions to be filled at military clinics for free.

Thornberry, though, is refusing to go along despite the fact that the three other principal negotiators are united against him. The gist of the argument is this: McCain believes the co-pays would lead to savings to help fund new retirement benefits and other defense initiatives while also leading more military families and retirees to get their prescriptions filled at military clinics, where they're more likely to buy cheaper generic drugs. But Thornberry refuses to dig "more deeply into the pockets of our service members and retirees," as he said in a memo to Republican HASC members.

The fight has brought conference negotiations to a standstill, pushing into September any chance for a final, compromise version of this year's annual National Defense Authorization Act, which sets military policy. For his part, McCain says he plans to continue negotiating even as the Senate nears the beginning of its long summer recess. And Thornberry spokesman Claude Chafin tells us that "everybody's still talking and working toward getting the bill finished."

- BUT WHAT ABOUT GITMO? Health care co-pays are getting a lot of attention (at least here in Morning D) because they appear to be the last major sticking point holding up a conference report. But a lot of important issues have been decided in the House-Senate negotiations, from weaving together dueling plans for acquisition reform to deciding whether to include stricter Senate caps on funding for the Navy's new aircraft carriers. For the most part, though, negotiators are keeping quiet about the outcomes.

But Reed suggested yesterday the final bill will likely include a pathway for closing the U.S. military prison at Guantanamo Bay, Cuba. "There is going to be language on Guantanamo," the senator told us yesterday. "I would assume that the final bill - and again we haven't gotten there yet - would incorporate a pathway to closing it." The House bill provides no such pathway, while the Senate version of the NDAA would allow the administration to move toward closing Gitmo if - and it's a big if - lawmakers vote to approve its plan for doing so. There's little chance the Republican-led Congress would approve such a plan, but the provision would represent a small step that could lead to bigger changes in next year's bill.

McCain ON ICE: We reported last week the Arizona Republican was planning a congressional delegation trip next month to the Arctic. In a conversation yesterday with Morning D, McCain offered more details. He said Sen. Sheldon Whitehouse of Rhode Island would be the lead Democrat on the trip and they would be visiting facilities in Sweden and Norway. And he said the trip was part of a broader SASC discussion on the U.S. military strategy in the Arctic in the face of Russian moves there - and that the discussion would include whether the Navy should start building and operating polar icebreakers, a mission that now belongs to the Coast Guard.

"We may have to get together with Homeland Security and see how this whole thing works," the senator said, "because it has certainly evolved into a national security issue."

- McCain's NOT THE ONLY ONE PLANNING A DEFENSE-RELATED CODEL DURING THE SUMMER RECESS, as POLITICO's Lauren French reports: "Minority Leader Nancy Pelosi will travel to Italy and Ukraine starting [yesterday] on a congressional delegation intended to underscore the U.S. commitment to security in that region. While in Italy, Pelosi and six other Democrats will meet with officials at the U.S. Naval Forces Europe and Africa Headquarters and the Allied Joint Forces Command Headquarters for security briefings as well as Italian government officials in Rome." <http://politi.co/1grg8HK>

HAPPY FRIDAY AND WELCOME TO MORNING DEFENSE, where your old host is back in the saddle filling in for Jeremy while he's hiding out in Canada. Our colleague Jen Judson will be filling in on Monday, so send her your tips and pitches at jjudson@politico.com, and follow her on Twitter @[JenJudson](https://twitter.com/JenJudson) and @[morningdefense](https://twitter.com/morningdefense)

FOLLOW THE MONEY - THORNBERRY'S THE TOP RECIPIENT OF DEFENSE DOLLARS: We teamed up with Jeremy for the latest edition of Defense Influence, which tracks money, lobbying and campaign finance in the defense world. Thornberry, we found, is the top recipient of campaign cash this election cycle from political action committees for 20 of the largest defense firms. The Texas Republican hauled in \$161,000 in the first six months of the year - and in the process racked up bills at Ruth's Chris Steak House in Arlington and Famous Dave's barbecue, along with Tortilla Coast and the Capitol Hill Club.

McCain, who's up for reelection, ranks fifth on our list of recipients of defense industry cash - and his campaign also reported charges at a number of Washington-area restaurants,

including Charlie Palmer Steak, the private 116 Club, Johnny's Half Shell and Bistro Bis. In addition, McCain reported many individual contributions from defense executives, including \$1,000 from Airbus Group Chairman and CEO Allan McArtor and \$500 from Oshkosh CEO Charles Szews. He also took in \$1,000 from Lockheed Martin's senior vice president for Washington operations, Robert Rangel, and \$1,000 from Northrop Grumman's vice president for government relations, Margaret Ashworth.

There's a lot more, including other defense lawmakers' favorite dining spots and a look at House freshmen attracting defense dollars, for Pros: <http://politico.pro/1JUsY8k>

CONGRESS OKs VA FUNDING SHIFT, via Leo Shane III of Military Times: "Veterans Affairs Department officials will get the budget help they need to avoid facility shutdowns in August after the Senate approved a last-minute deal Thursday. ... The measure allows the VA to use about \$3.3 billion in funds assigned solely to the new Choice Card program to cover other account shortfalls, a move that lawmakers have resisted over the last year."

INDUSTRY INTEL - DoD TO LEAVE 'NO STONE UNTURNED' AS IT EVALUATES LOCKHEED-SIKORSKY DEAL, via Aaron Mehta of Defense News: "As regulators begin to look into Lockheed Martin's plan to acquire helicopter manufacturer Sikorsky, Pentagon officials are focused on identifying potential reverberations down to the lowest level of tiered suppliers, as well as sorting out potential issues of competitiveness. Speaking on background due to the nature of regulatory inspections, a senior defense official said the goal is to leave 'no stone unturned' while looking at the proposed acquisition."

MAKING MOVES

- MICHAUD NOMINATED FOR VETERANS POST: President Barack Obama has nominated former Democratic Rep. Mike Michaud, who gave up his congressional seat to mount an unsuccessful bid last year to be governor of Maine, to be the Labor Department's assistant secretary for veterans' employment and training. During his time in Congress, Michaud was the ranking member on the House Veterans' Affairs Committee.

- FORMER DoD ENERGY CHIEF TO JOIN PEW: Sharon Burke, the former assistant secretary of defense for operational energy, is joining the Pew Charitable Trusts as an adviser on energy and national security policy. She'll be working with former Sen. John Warner (R-Va.) on the group's project on national security, energy and climate.

- BROOKINGS GETS NEW FOREIGN POLICY DIRECTOR: Brookings Institution senior fellow Bruce Jones is being promoted to vice president and director of foreign policy. "He will help the foreign policy program generate fresh ideas and new approaches to the global policy challenges facing the United States and the world," says Brookings President Strobe Talbott.

I am reviewing the itinerary for the Pelosi trip. Can you answer a couple questions for me?

What is the Expo Milan?

What is the trip to Assisi about?

I have not shown this to my boss yet...and it is Pelosi, so the likelihood of outright denial is low...but he will have concerns about 1.5 hours of defense equity during the 1-4 August period. Just a nuggets up.

CVAM,

Possible August CODEL coming up, they're in planning stages and want to know if LIRZ (Assisi, Italy) is a suitable field for G-5/3 and/or C-40.

Thanks (b)(6)! Understand this is our official mil air approval.

Still need to change Milan airfield from LIMC to LIML; please confirm this has just been an oversight on the last couple versions and it's not that there's a suitability problem. And again, more minor point that wheels up from UKBB is 1100 not 1000. Last TR sent is attached.

You can confirm it...was just waiting for them to include all the proper stops.

The times are slightly off as we are refining the itinerary, but nothing more than 2 hours or that would affect crew rest.

I expect to have solid times by Tuesday COB and will send an updated (and hopefully final) TR at that point.

Thanks Grant

Updated travel plan attached. Looks feasible to me - let's give the unit a little time to review and I'll let you know if they have any concerns.

What are the chances of trying to finalize this by tomorrow or early next week?

Thanks

Thanks (b)() ! Understand this is our official mil air approval.

Still need to change Milan airfield from LIMC to LIML; please confirm this has just been an oversight on the last couple versions and it's not that there's a suitability problem. And again, more minor point that wheels up from UKBB is 1100 not 1000. Last TR sent is attached.

Sir,

For every one of these you see I get about 20 we shut down on the front end. We only floated it due to the profile of the CODEL. Anyway, the escort already told them probably not.

(b)(6),

First, how can I request a crew for a mission that has not been approved yet? I'm glad you and (b)(6) already seem to understand that this type of request is unsupportable and would be a disastrous precedent to set even if it were possible. Our ARC crews have plenty to balance already with military duties and their civilian employers.

I hope you can manage the expectations of your party and keep these types of requests from coming out way. If it helps, our policy is that we do not take specific requests for units, aircraft, or crews. It is just too dynamic of an environment and we find out way too late about all of these missions.

This is the correct crew/mission. If you could pass the request to CVAM that would be great. Completely understand the limitations and I'll advise the staff of those.

Thanks!

Are they asking for the crew or the escorts? Either way, can you tell me if the above itinerary is the trip they're talking about.

I can ask CVAM to relay the crew desire, but since they're reservists chances are slim they'll get the exact same mix.

Thank you for sending the first draft schedule for the upcoming trip. I look forward to working with you and your team.

On the Leader's last CODEL to SE Asia in March/April we had a terrific crew. I was told that Members can request crew for their travels. I know that we are only a few weeks out for the trip but wanted to let you know if any of them are available we would love to travel with them again. I know from my many trips all AF crew are great so however it works out is fine.

When you have a list of the crew I would appreciate you sending it along.

Many thanks,

They're asking for the aircrew. Totally understand the obstacles.

Let me ask (b)(6) before you relay to CVAM. He relayed a bad experience with a crew recently and while the group may not have noticed the problem, others could arise. Let me make sure he wasn't referring to this crew.

INSTRUCTIONS TO PAYING AGENTS

Use of Official Representation Funds (ORF)

1. This document covers information you should be aware of as a paying agent (PA)/escort officer (EO) while acting on behalf of the Air Force. ORF policy is that in the event a PA/EO acts solely on his/her judgment, such requirements must be urgent and absolutely essential to successful mission accomplishment and in the best interest of the Air Force. In addition to the following general policy and procedural guidance, you should obtain and be familiar with requirements of the AFI 65-603 and DoD Directive 7250.13.

2. Authorized and unauthorized expenses for foreign guests are summarized below:

a. Authorized Expenses:

1. Lodging (hotels, motels, BOQ, etc.).
2. Food and refreshments.
3. Taxi fares and rental vehicle fees when government transportation is not available.
4. Purchase of newspapers and magazines.
5. Gratuities (tips to baggage porters in/out of hotels, taxi drivers, tips for meals and refreshments (15% unless a previously agreed upon gratuity or service charge), etc.).
6. Valet services (only during the actual tour and only for that which is necessary because of the tour.
7. Official entertainment as required or authorized such as luncheons at bases visited, theaters, sports activities and events, concerts, and sightseeing tours (including movie in room).
8. Food and refreshments purchased for in-flight meals.

b. Unauthorized Expenses:

1. Personal items such as clothing, toilet articles, razor blades, cigarettes, hair and beauty care, and shoeshine (may be authorized in inclement weather).
2. Personal souvenirs (not to be confused with officially presented mementos).
3. Personal telephone calls or transportation where official duties are not involved.
4. Crewmembers of military aircraft are not considered members of OP, and ORFs will not be utilized to defray their expenses.
5. Gifts or flowers to be presented by the authorized guests (i.e., laying of wreaths, etc.).
6. Meals for official drivers or local Protocol personnel.

3. TDY VOUCHER: For the duration of the tour, while representing the USAF as an EO, you are authorized to travel on per diem using the Joint Travel Regulation rules up to 300%. Upon completion of the tour, process your travel voucher (DD 1351-2) through Defense Travel System for Travel (DTS). Official meals paid by ORFs will be claimed as government meals provided.

4. RECEIPTS: You must obtain receipts for every expense you incur. Be sure that receipts, especially for meals and receptions, reflect the number of people in attendance and itemized amounts for meals, liquid refreshment, and gratuity (not more than 15% unless a previously

agreed upon gratuity or service charge). As there are instances in which it is impractical or impossible to obtain receipts or in case of missing receipts, you will be required to submit memo of explanation with itemized cost, date of expense and location. We suggest that you keep a small receipt book handy in order to obtain receipts from those individuals who normally do not furnish them. A receipt form may not be used as a substitute when a receipt can be obtained upon request. You should maintain a daily record of all expenditures, receipted and non-receipted, to include in your final accounting. Non-receipted expenses must be itemized in your final accounting in the same manner as receipted expenses, by item and amount of expense. Recording merely as Miscellaneous Expenses will not be accepted.

5. GUEST LISTS: You are required to obtain lists of guests by name and title for all official entertainment scheduled at bases visited (luncheons, dinners or receptions, etc.). You must also furnish names and titles of any guests other than OP attending off-base entertainment whose expenses are paid by you from ORF. The base protocol officers have been advised of this requirement.

6. INVITATION OF FAMILY MEMBERS: Expenses of family members of US military personnel cannot be defrayed from ORF without prior approval of this Headquarters. Inviting members of your family or other military personnel to assist in entertaining OP by attending dinners, luncheons, or sightseeing, when no scheduled entertainment is being conducted, is not normally authorized (scheduled entertainment are those functions which have been previously arranged, and to which couples are invited guests). If you do have family members join OP on these unscheduled occasions without prior approval, their expenses must be defrayed from personal funds. If, due to extending circumstances, it becomes necessary to have them join the OP, an acceptable justification must accompany your accounting.

7. JUDGMENT: It is not feasible to cover every expenditure considered to be unauthorized or unreasonable; you will be expected to use good judgment at all times in expending these funds. In the event you must act solely on your judgment as to whether to incur expenditures of an unusual or questionable nature, be prepared to provide justification in the final accounting to this office. As a minimum, such requirements must be urgent and absolutely essential to successful mission accomplishment and in the best interest of the Air Force. It is suggested that you spend the funds entrusted to you as if you were defraying these expenses from your personal funds.

8. ACCOUNTING FOR FUNDS:

a. To avoid late billing and late filing of your accounting, settle all obligations before leaving an area.

b. No expenses may be incurred after the tour ends. Expenditures made after the tour can be only for obligations incurred during the tour.

c. Unexpended funds are to be returned to DFAS-IN, Room 1B847, on the first workday after the end of the trip.

d. Complete your accounting as soon as possible, but not later than thirty (30) days after the end of the trip. If the accounting cannot be submitted within 30 days, submit a written request addressed to SAF/AAR and SAF/AA for extension (prior to the 30th day) including justification for the request and an estimated filing date.

e. Your accounting will consist of:

1. A signed cover letter certifying all receipts are true and the accounting correct to the best of your knowledge.
2. A chronological itemized statement with all receipts attached as supporting papers, including non-receipted expenditures with required explanation/justification.
3. List of all OP with titles and names and position of others attending functions.
4. A copy of PA orders and TDY orders.
5. DD Forms 1081 (DFAS receipts for funds drawn/cash turn-in).
6. Travel voucher.
7. A daily itinerary.

f. The six-month appointment in your special orders is the maximum time assigned for this mission, which includes preparation/submission of the accounting to SAF/AAR approval of Secretary of the Air Force, and clearance of the account through DFAS. After the termination date shown there on, the account is considered delinquent. You are personally liable for the funds entrusted to you, and you will not be relieved of financial responsibility until you have returned all unused cash to DFAS and your complete and acceptable accounting has been certified by the Secretary of the Air Force.

Copy all (b)(6). The Speaker has to waive a trip if only one party is represented. Not sure what OSD's play is in the "approval process"...did they specify?

At any rate, Rep Thompson dropped yesterday and Rep Sensenbrenner (R-WI) joined today. We'll have more than 5, anticipating 8 or 9...it's just going to take them a little time, as per usual. There will also be another Spouse or two, again, takes some time for the group to firm up.

At the OSD meeting yesterday it was brought up we probably should have a couple Republicans on the Pelosi trip. I think it's a House Rule or treated as more of a guideline, but in general the trips are supposed to have Congressman from both parties on it. They haven't been enforcing it lately, but I think this one is high profile enough they took notice.

On a related Admin note, it behooves us to have more than 5 on there. If someone drops the day before the flight OSD has historically tried to drop it down to a G-5 unless we process the paperwork for an exception to policy and get it approved from the ASD(LA).

INSTRUCTIONS TO PAYING AGENTS

Use of Official Representation and Contingency Funds

1. This document provides guidance for a paying agent (PA) expending Official Representation Funds (ORF), or Contingency Funds (CF), on behalf of the Secretary of the Air Force. In the event that a PA acts solely on his/her judgment, such requirements must be urgent and absolutely essential to successful mission accomplishment and in the best interest of the Air Force. In addition to the following general policy and procedural guidance, you should obtain and be familiar with requirements of Air Force Headquarters Operating Instruction 65-3, Air Force Instruction 65-603, and Department of Defense Instruction 7250.13.

2. ORF and CF expenditures require prior approval. The following is a summary of authorized and unauthorized expenses.

a. Authorized Expenses:

1. Lodging (hotels, motels, billeting, etc.)
2. Food and refreshments
3. Taxi fares and rental vehicle fees when government transportation is not available
4. Purchase of newspapers and magazines
5. Gratuities (tips to baggage porters in/out of hotels, taxi drivers, tips for meals and refreshments, etc. are 15% unless a previously agreed upon gratuity or service charge)

3. Personal telephone calls or transportation where official duties are not involved
4. Crewmembers of military aircraft are not considered members of the Official Party and Official Representation Funds (ORF), or Contingency Funds (CF), will not be used to defray their expenses
5. Gifts or flowers to be presented by the authorized guests (i.e., the laying of wreaths, etc.)
6. Meals for official drivers or support personnel.

If, due to extending circumstances, it becomes necessary to have them join the Official Party, an acceptable justification must accompany your accounting.

7. **JUDGMENT:** It is not feasible to identify every purchase that is considered unauthorized or unreasonable; you will be expected to use good judgment at all times in expending these funds. 8. **ACCOUNTING FOR FUNDS:**

a. To avoid late billing and late filing of your accounting, settle all obligations before leaving an area.

b. No expenses may be incurred after the tour ends. Expenditures made after the tour can be only for obligations incurred during the tour.

c. Unexpended funds are to be returned to Defense Finance and Accounting Service Indianapolis (DFAS-IN) Disbursing Officer, Ms. Gloria McMaster, Pentagon room #1B847, (703-697-6640) in accordance with DFAS instructions.

d. Complete your accounting as soon as possible, but not later than thirty (30) days after the end of the trip. If the accounting cannot be submitted within 30 days, submit a written request addressed to SAF/AAR for extension (prior to the 30th day) including justification for the request and an estimated filing date.

e. Your accounting will consist of:

2. A chronological itemized statement with all receipts attached as supporting papers, including non-receipted expenditures with required explanation/justification.
3. List of all Official Party members with titles and names, and the position of others attending functions.
4. A copy of Paying Agent orders and TDY orders
5. DD Forms #1081 - DFAS receipts for funds drawn/cash turn-in
6. Travel voucher.
7. A daily itinerary.

f. Your paying agent orders are a six-month appointment authorizing you to draw the specified funds from DFAS-IN on behalf of the Secretary of the Air Force. This is the maximum time assigned for: execution of funds, preparation of fund accounting, commander approval of accounting, submission to and review by SAF/AAR, certification by SAF/AA on behalf of SECAF, and final payment of your account in full by USAF to DFAS-IN. After the termination date shown there on, the account is considered delinquent. Since you are personally liable for the funds entrusted to you, and you will not be relieved of financial responsibility until your account has been closed by DFAS as paid in full, it is important to submit the accounting to SAF/AAR as soon as possible.

Thanks! It's my ardent wish to travel so I can share all of your triumphs and pain....and so I can be sure to get at least one more accounting package in within 14 months of the trip termination.

I'm good for 18-23 Sep, and late August. My brother-in-law graduates Marine Corps Boot Camp on 4 September in San Diego, but if needed my wife can go solo. It would just be preference to take the other one if the Aug trip bleeds into Sept and I was given a choice.

I really can't do the October trip because I've committed to being the best man in a wedding on 8 October in Chicago.

I'm assuming you're already training someone on the Pelosi trip. If you can get > 8 members I might be able to swing + 2 bags....LLS is hurting too.

Side note: We were looking at good training trips for you. Are you available 18-23 Sep for a CODEL (account for availability for planning activities in early Sep)? Other option might be 9-17 Oct. We also just got a call about a trip the "end of August" but will have no info until next week.

CVAM,

Possible August CODEL coming up, they're in planning stages and want to know if LIRZ (Assisi, Italy) is a suitable field for G-5/3 and/or C-40.

Copy, thanks. Tentative rundown is attached. Assisi (not in the attached) is an out-and-back day trip for Leader Pelosi to be presented with an award. It's 2+30 drive each way, so wanted to investigate suitability of the airport.

Side note: We were looking at good training trips for you. Are you available 18-23 Sep for a CODEL (account for availability for planning activities in early Sep)? Other option might be 9-17 Oct. We also just got a call about a trip the "end of August" but will have no info until next week.

Next time that happens I want you to go to the pilots and ask, "would help if I got out and pushed?" If they're on their Star Wars game they'll reply "It might." If they're not, you'll probably agitate them so maybe not the best idea.

Based on my earlier email to AFDW Protocol (attached) please adjust pick-up time to 1640hrs, also based on needs to secure vehicles at JBA DV lounge/base ops please ask that they have the vehicle in place NLT 90 mins/1.5hrs prior to our "wheels down." Again Supervising Special Agent for this detail SSA (b)(6) has been included on this email should further justification be warranted. I have also included Agent (b)(6) who will be the Agent escorting the luggage van back to Capitol grounds. Please "REPLY ALL" should any other information be distributed.

The luggage van will have the same 90mins/1.5hrs prior to wheels down sweep and in place by JBA DV lounge/Base Ops as the coach bus. Did you pass this to EDS (Crystal City) as well so it may be allotted in to driver's arrival time at JBA?

Alright, here's the official answer: 25hours....so 0700L on Wed for a 0800 Thursday, or 0800 Wed for a 0900 Thurs, etc. Gives them 1 hr time to notify the crew, the 15 hours is for extreme cases and requires a waiver so disregard previous.

Contingency planning here: if votes are cancelled Thursday, the Pelosi delegation is asking how early in the day they could leave.

- We think a 0800L wheels up gets us into LIRA before the field closes at 2300L...please confirm
- What date/time does the crew need to be notified if they elect to do this? Assuming 0800L on Wednesday plus some lead time??

Thanks,

Sir,

I called AARA, your card should be GTG, but if you're on the road and have issues with a charge not going through you'll need the following info when you call the number on the back:

Tell them it's a centrally billed account...

Again, contingency only, but I don't want you left high and dry and they'll need this to verify the account.

Subject: RE: OSD Still Has Concerns about DoD Equity

Appreciate that, thanks for the feedback. Are they looking at v7-8, which I sent (b)(6) yesterday morning? V8 attached just to make sure we're all on the same page.

They have a meet/greet/photo op with Marines at every single Post. Also, no more Assisi...they have a day in Naples doing NAVEUR and JFC HQs. As well as a visit to Lakenheath on the return.

5 of their 7 days include direct DoD equity (with 3 of those 5 being more than a photo with US Marines); both days in Kyiv are direct national security equity. It will be difficult to encourage more than that, as you point out, and would be helpful to have some insight on how high the bar needs to be before having that conversation with them.

Let me know what else is needed. Thanks!

Subject: OSD Still Has Concerns about DoD Equity

Ma'am,

I just got out of a meeting with OSD, and they still have concerns about certain portions of the Pelosi trip not having enough DoD equity. Mr. (b)(6) is going to get back with me after making a more thorough review of the detailed itinerary, so I'll pass along any comments he has.

In the meantime, if there's an opportunity to work anything into days with minor equity, such as photo ops with Marines, please do so. I told I didn't think you'd be very successful given the office you're dealing with but I have to relay.

Appreciate that, thanks for the feedback. Are they looking at v7-8, which I sent (b)(6) yesterday morning? V8 attached just to make sure we're all on the same page.

They have a meet/greet/photo op with Marines at every single Post. Also, no more Assisi...they have a day in Naples doing NAVEUR and JFC HQs. As well as a visit to Lakenheath on the return.

5 of their 7 days include direct DoD equity (with 3 of those 5 being more than a photo with US Marines); both days in Kyiv are direct national security equity. It will be difficult to encourage more than that, as you point out, and would be helpful to have some insight on how high the bar needs to be before having that conversation with them.

Let me know what else is needed. Thanks!

Ma'am,

I just got out of a meeting with OSD, and they still have concerns about certain portions of the Pelosi trip not having enough DoD equity. (b)(6) is going to get back with me after making a more thorough review of the detailed itinerary, so I'll pass along any comments he has.

In the meantime, if there's an opportunity to work anything into days with minor equity, such as photo ops with Marines, please do so. I told I didn't think you'd be very successful given the office you're dealing with but I have to relay.

They are looking at V8, (b)(6) bar is pretty high but that said I'm fairly certain it will be approved due to who's traveling and the current state of things on the Hill.

At the meeting today we discussed photos extensively...fairly contentious. I'll give you a call tomorrow and see what he comes up with in e-mail.

Appreciate that, thanks for the feedback. Are they looking at v7-8, which I sent (b)(6) yesterday morning? V8 attached just to make sure we're all on the same page.

They have a meet/greet/photo op with Marines at every single Post. Also, no more Assisi...they have a day in Naples doing NAVEUR and JFC HQs. As well as a visit to Lakenheath on the return.

5 of their 7 days include direct DoD equity (with 3 of those 5 being more than a photo with US Marines); both days in Kyiv are direct national security equity. It will be difficult to encourage more than that, as you point out, and would be helpful to have some insight on how high the bar needs to be before having that conversation with them.

Let me know what else is needed. Thanks!

Ma'am,

I just got out of a meeting with OSD, and they still have concerns about certain portions of the Pelosi trip not having enough DoD equity. (b)(6) is going to get back with me after making a more thorough review of the detailed itinerary, so I'll pass along any comments he has.

In the meantime, if there's an opportunity to work anything into days with minor equity, such as photo ops with Marines, please do so. I told I didn't think you'd be very successful given the office you're dealing with but I have to relay.

Sir,

I'll re-attack when I return Friday morning. (b)(6) will also be here tomorrow if you need anything.

Who is the new member and are they involved in the CODEL in anyway (i.e., briefings)? Would they be included in the Leadership Letter? Pelosi got in trouble for this several years back, so she is not the final authority on this. We have to be very careful on how to approach this.

Sir,

Escorts are working this now, but CODEL Pelosi is looking at picking up a member in Rome who will already be out there on their own dime and having them on the rest of the trip all the way back to DC.

I'm planning on getting a verbal from our front office and updating the docs with a new name list. Will this be okay to upload into CAPITOL as well? I'll let you know the details when I get them, but I can add the new name(s) to the already approved letters once I get a verbal confirmation.

Understand. I have a new letter. Yes, he will obviously be participating in the CODEL. Will have an updated TR soon. Other member changes as well.

Standard changes just before departure.

Sorry, know you're stuck in the middle.

Hi Sir-

I sent an updated itinerary to LLMO on Friday afternoon, which hasn't made it up to you yet; see attached. Of note:

- Assisi is dropped
- we will be visiting NAVEUR HQ and JFC HQ in Naples
- Milan Expo is a periodic, worldwide exposition that runs for several months; topics vary at each Expo, but this year's centers around worldwide food security issues

Please let me know if you need anything else!

I am reviewing the itinerary for the Pelosi trip. Can you answer a couple questions for me?

What is the Expo Milan?

What is the trip to Assisi about?

I have not shown this to my boss yet...and it is Pelosi, so the likelihood of outright denial is low...but he will have concerns about 1.5 hours of defense equity during the 1-4 August period. Just a nuggets up.

Sir,

Her staff wants to have a good look at the Expo layout and ensure all details are in place. There are a lot of moving parts for the Expo day on 3 Aug; Members splitting off in different directions, the Expo covers a large geographic area, and there will be press involvement. If they wait until our arrival in the evening, they won't have access to the people they need to talk to and the facilities.

Hi Sir-

I sent an updated itinerary to LLMO on Friday afternoon, which hasn't made it up to you yet; see attached. Of note:

- Assisi is dropped
- we will be visiting NAVEUR HQ and JFC HQ in Naples
- Milan Expo is a periodic, worldwide exposition that runs for several months; topics vary at each Expo, but this year's centers around worldwide food security issues

Please let me know if you need anything else!

What is the Expo Milan?

What is the trip to Assisi about?

I have not shown this to my boss yet...and it is Pelosi, so the likelihood of outright denial is low...but he will have concerns about 1.5 hours of defense equity during the 1-4 August period. Just a nuggets up.

Sir,

I uploaded the 6 July Leadership letter in addition to the 22 July letter, if you read the text of the 22 July letter is was meant as an update to the 6 July which has the spouse statement in it. The reference to the "14 July" letter appears to be an artifact, but from the name listing and subject matter you can tell they were referencing 6 July.

I have them working on the itinerary now.

Sir,

I've attached version 2's of the files already in CAPITOL. I swapped out the pax list on all three. I didn't know if you wanted to resign, verbal, or swap out the list on the final signed off by (b)(6) but these attachments will give you all those options.

(b)(6),

We are looking into it. The report is archived and there is some conflicting info. We've never been there so this will take a little bit to get back to you.

Do you have any tentative dates? First part of recess is getting full....

CVAM,

Possible August CODEL coming up, they're in planning stages and want to know if LIRZ (Assisi, Italy) is a suitable field for G-5/3 and/or C-40.

Quick question: can you check with CVAM to see if LIRZ (Assisi, Italy) is a suitable field? I'm doing research on CODEL Pelosi. Hope to have letter/TR/itinerary to you next week.

Thanks!

Per your request, attached is the initial itinerary for CODEL Gardner. As we discussed, the CODEL is tentatively planned for mid-August. There are plans to have bi-lateral discussions with China on cyber. However, this is contingent upon Sen Hirono's availability during that time. According to Igor Krestin (Sen Gardner's MLA), they are working on getting the appropriate number of members to qualify for milar. Also, Sen Gardner desires to have spouses accompany on this CODEL. That is all the information I have at this time...more to follow.

For the CODEL Gardner, they want an escort and they want to depart and return out of Denver. Will this be an issue? If not, what do you need from us to make this happen.

BTW, spoke to Gardner's office yesterday and will have the TR up to you before I leave today.

No worries. I spoke with Mr. Khrestin today and have more detail. I plan to submit the TR tomorrow.

Also I wasn't sure if they wanted an escort or not. Mr. Khrestin said they do. I'll check on the rules tomorrow.

I can't remember if Gardner is your or not. Either way, you can take this trip if you like. If you can't or rather not, I have no problem taking it

Hope you are enjoying your leave!

Mr. Khrestin,

I'm working the CODEL to Asia and have retrieved a previous itinerary for this trip. I plugged in potential departure and arrivals times to provide an idea how long it will take to get from one destination to the next. Please let me know if I do not have the latest request but it appears that we will not be able to do everything that was originally requested (please see attached). Please let me know how you'd like to proceed.

Also, I'll have to provide the Pentagon an explanation for each stop. You may have provided this to (b)(6) already. If so, I apologize, but could you provide me the purpose for each stop with as much detail as possible.

Thanks and please call me if you have questions or concerns.

I've submitted all relevant forms to the SFRC. The committee POC is Meg Murphy: Margaret_Murphy@foreign.senate.gov She asked that you touch base with her ASAP to get the wheels moving.

Igor,

I hope recess is treating you well. I would like to follow up on your CODEL request. Is your staff trying to get a C-40 (5+ Members) or a G5/3 (3-5 Members)? Because of the destinations, if you don't get enough for a C-40 the CODEL probably won't be able to take all their spouses because for that trip distance the G5/3 will only accommodate 8 people, and that's if Ravens aren't required. If the location requires Ravens, they'll be down to 6 seats (5 if you don't count the escort). Any additional information you have regarding this CODEL is greatly appreciated. Thank you.

Be advised...this trip left less than 24 hours ago and politico is already on it. Hard to say how they found out but I have my suspicions I'll share in person. This one is fairly neutral, which is rare, but the fact it's already out means there's likely going to be journalists trolling for more info in the countries they're visiting. By Austin Wright

With Louis Nelson and Jeremy Herb

EXCLUSIVE - REED, SMITH SIDE WITH MCCAIN IN NDAA STANDOFF: The top Democrats on the House and Senate Armed Services Committees are siding with SASC Chairman John McCain in his standoff with HASC Chairman Mac Thornberry over military health care fees, according to a source with knowledge of the closed-door negotiations. Sen. Jack Reed and Rep. Adam Smith are supporting McCain in trying to put in place a Pentagon plan to phase in increases in co-pays for drugs purchased through Tricare by mail or at retail pharmacies while continuing to allow prescriptions to be filled at military clinics for free.

Thornberry, though, is refusing to go along despite the fact that the three other principal negotiators are united against him. The gist of the argument is this: McCain believes the co-pays would lead to savings to help fund new retirement benefits and other defense initiatives while also leading more military families and retirees to get their prescriptions filled at military clinics, where they're more likely to buy cheaper generic drugs. But Thornberry refuses to dig "more deeply into the pockets of our service members and retirees," as he said in a memo to Republican HASC members.

The fight has brought conference negotiations to a standstill, pushing into September any chance for a final, compromise version of this year's annual National Defense Authorization Act, which sets military policy. For his part, McCain says he plans to continue negotiating even as the Senate nears the beginning of its long summer recess. And Thornberry spokesman Claude Chafin tells us that "everybody's still talking and working toward getting the bill finished."

- BUT WHAT ABOUT GITMO? Health care co-pays are getting a lot of attention (at least here in Morning D) because they appear to be the last major sticking point holding up a conference report. But a lot of important issues have been decided in the House-Senate negotiations, from weaving together dueling plans for acquisition reform to deciding whether to include stricter Senate caps on funding for the Navy's new aircraft carriers. For the most part, though, negotiators are keeping quiet about the outcomes.

But Reed suggested yesterday the final bill will likely include a pathway for closing the U.S. military prison at Guantanamo Bay, Cuba. "There is going to be language on Guantanamo," the senator told us yesterday. "I would assume that the final bill - and again we haven't gotten there yet - would incorporate a pathway to closing it." The House bill provides no such pathway, while the Senate version of the NDAA would allow the administration to move toward closing Gitmo if - and it's a big if - lawmakers vote to approve its plan for doing so. There's little chance the Republican-led Congress would approve such a plan, but the provision would represent a small step that could lead to bigger changes in next year's bill.

McCain ON ICE: We reported last week the Arizona Republican was planning a congressional delegation trip next month to the Arctic. In a conversation yesterday with Morning D, McCain offered more details. He said Sen. Sheldon Whitehouse of Rhode Island would be the lead Democrat on the trip and they would be visiting facilities in Sweden and Norway. And he said the trip was part of a broader SASC discussion on the U.S. military strategy in the Arctic in the face of Russian moves there - and that the discussion would include whether the Navy should start building and operating polar icebreakers, a mission that now belongs to the Coast Guard.

"We may have to get together with Homeland Security and see how this whole thing works," the senator said, "because it has certainly evolved into a national security issue."

- McCain's NOT THE ONLY ONE PLANNING A DEFENSE-RELATED CODEL DURING THE SUMMER RECESS, as POLITICO's Lauren French reports: "Minority Leader Nancy Pelosi will travel to Italy and Ukraine starting [yesterday] on a congressional delegation intended to underscore the U.S. commitment to security in that region. FOLLOW THE MONEY - THORNBERRY'S THE TOP RECIPIENT OF DEFENSE DOLLARS: We teamed up with Jeremy for the latest edition of Defense Influence, which tracks money, lobbying and campaign finance in the defense world. Thornberry, we found, is the top recipient of campaign cash this election cycle from political action committees for 20 of the largest defense firms. The Texas Republican hauled in \$161,000 in the first six months of the year - and in the process racked up bills at Ruth's Chris Steak House in Arlington and Famous Dave's barbecue, along with Tortilla Coast and the Capitol Hill Club.

McCain, who's up for reelection, ranks fifth on our list of recipients of defense industry cash - and his campaign also reported charges at a number of Washington-area restaurants, including Charlie Palmer Steak, the private 116 Club, Johnny's Half Shell and Bistro Bis. In addition, McCain reported many individual contributions from defense executives, including \$1,000 from Airbus Group Chairman and CEO Allan McArtor and \$500 from Oshkosh CEO Charles Szews. He also took in \$1,000 from Lockheed Martin's senior vice president for Washington operations, Robert Rangel, and \$1,000 from Northrop Grumman's vice president for government relations, Margaret Ashworth.

There's a lot more, including other defense lawmakers' favorite dining spots and a look at House freshmen attracting defense dollars, for Pros:

DEPARTMENT OF THE AIR FORCE
WASHINGTON, DC

Office of the Secretary

22 Jul 2015

MEMORANDUM

FROM: SAF/LL

TO: Assistant Secretary of Defense (Legislative Affairs)

SUBJECT: LARGE MILAIR REQUEST FOR CODEL PELOSI

REF: (A) DoDD 4515.12. DoD Support for Travel of Members and Employees of Congress

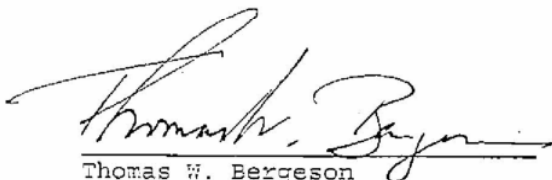

I request approval to authorize airlift for the following Congressional Staff Members and Appointees on behalf of the Department of Defense. This request is for sponsored, non-reimbursable travel based on review of the following information:

NAMES: (See attached manifest)

ITINERARY: 30 JUL - 6 AUG: Andrews AFB, MD; Rome, IT; Naples, IT; Rome, IT; Milan IT; Kyiv, Ukraine; Lakenheath, England; Andrews AFB, MD.

JUSTIFICATION FOR MILAIR: Commercial cost is approximately equivalent to the contract rate. However, the contract rate can only be reserved in blocks of 10, resulting in either the CODEL being split into two or three separate flights or the contract rate becoming unavailable increasing the commercial cost beyond the Milair cost.

MODE OF TRAVEL: Large Milair Requested.

----- MILAIR JUSTIFICATION INFO -----

ESTIMATED COST FOR MILAIR: \$134,587.81 (\$5,243.00 x 25.67 flt hrs)
COMMERCIAL COST COMPARISON: \$132,286.00 (\$6013.00 x 22 pax no spouses)

NOTE: OMEGA stated the contract rate can only be reserved in blocks of 10, resulting in either the CODEL being split into two or three separate flights or the contract rate becoming unavailable increasing the commercial cost beyond the Milair cost. This would result in either the commercial fare exceeding the MILAIR cost or the addition of extra escorts and travel arrangements to accommodate separate delegation movements. The latter would also result in additional cost exceeding the difference between MILAIR and COMAIR.
