Subject: Stevens Update (important)

-(SBU) Per Special Envoy Stevens:

- The situation in Ajdabiyah has worsened to the point where Stevens is considering departure from Benghazi. The envoy's delegation is currently doing a phased checkout (paying the hotel bills, moving some comms to the boat, etc). He will monitor the situation to see if it deteriorates further, but no decision has been made on departure. He will wait 2-3 more hours, then revisit the decision on departure.
 - He received reports of shelling last night in Ajdabiyah as well as snipers shooting people in the city. AFRICOM reported Qadhafi's forces took the eastern and western gates of Ajdabiyah, with 5 vehicles at the eastern gate and 50 at the western gate. More Qadhafi forces are heading to Ajdabiyah from Brega.
 - The Brits report Qadhafi forces are moving from Sirte to Brega, which they interpret as preparation for another assault on Ajdabiyah today.
 - He plans to discuss the situation further with the Brits, Turks, and the TNC to see if this is an irreversible situation. Departure would send a significant political signal, and would be interpreted as the U.S. losing confidence in the TNC. Initial message to the TNC would frame the departure as due to security grounds and as a temporary measure only.
 - Polaschik said she would discuss these developments with Amb. Cretz.
 - If the group departs, the contract for the boat stipulates they return to Greece. One scenario could be the group stages elsewhere for a few days.
- Ops will continue to monitor the situation.

Dear [REDACTED]

I write as personal counsel to former Secretary Clinton in response to your June 9 e-mail request for additional details regarding our preservation efforts related to Secretary Clinton's work-related e-mail from her tenure as Secretary of State.

I note at the outset that the Department of State is in possession of all of Secretary Clinton's work-related and potentially work-related e-mails. Specifically, in response to an October 2014 letter request from the Department of State, Secretary Clinton's counsel identified all work-related or potentially work-related e-mail in her possession, custody, or control. In total, 30,490 e-mails, all of which were from her @clintonemail.com account, were identified and provided in hard copy to the Department of State in December 2014. As her personal counsel, we continue to retain a preservation copy of the .pst file containing the electronic copies of those e-mails, on a thumb drive that is stored in a secured safe at the offices of Williams & Connolly LLP, 725 12th Street NW, Washington DC 20005. The only two persons authorized to access that thumb drive are me and my law partner, Katherine Turner.

In addition, we have taken steps to retain the server equipment that hosted Secretary Clinton's @clintonemail.com account during her tenure as Secretary of State, even though that equipment is no longer active and, we believe, no longer contains any data from Secretary Clinton's @clintonemail.com account. The equipment is in the custody of Platte River Networks and is maintained at a secure data center. In response to preservation notices related to Secretary Clinton's e-mail received that I have received

operations over which the ICIG has oversight responsibilities. See Inspector General Act §2; *et seq.* For example, there are numerous emails relating to deliberations and decisions regarding the appointment of individuals to positions at the Department of State. It seems beyond the scope of the ICIG's authority to review such emails and could be an unnecessary invasion of the privacy of the individuals being considered. Similarly, the emails include information, much of it deliberative, concerning a broad range of Department programs and operations that cannot reasonably be said to implicate IC equities.

At the invitation of the A Bureau, IC FOIA reviewers are reviewing emails and identifying those emails that might implicate IC equities. Copies of any such emails are then being provided to the IC for its review. The ICIG can obtain those emails from the IC entities for which it has oversight responsibility, or, if you wish, we can identify those emails to your office so that you can work with the ICIG.

U.S. Department of Homeland Security
UNITED STATES SECRET SERVICE

Washington, D.C. 20223

August 6, 2015

Charles H. Kable IV
Section Chief
Counterintelligence Division
Federal Bureau of Investigation
Washington, DC 20535-0001

Re: Request for Preservation of Records dated July 31, 2015

Dear Mr. Kable:

Reference is made to your formal request for the preservation of all records and other evidence in the possession of the United States Secret Service ("Secret Service"), or in the possession of Hillary Clinton, former Secretary of State, regarding the domain account @clintonemail.com.

Your record preservation request seeks items from an individual referred to as "your client." To the extent the word "client" refers to the Secret Service's protectee, Hillary Clinton, the Secret Service could not lawfully take any item in the possession of a protectee absent a warrant for that item. Additionally, we are not aware that we are otherwise in possession of any such items.

With respect to items or records in the possession of the Secret Service, we have previously searched and are in the process of conducting an additional search for Agency records responsive to a Freedom of Information Act (FOIA) request that is similar in nature to your request for records preservation. That FOIA request is now the subject of litigation in the United States District Court for the District of Columbia, Judicial Watch v. United States Secret Service, Civil Action No. 1:15-cv-00673-JDB. In that case, Plaintiff Judicial Watch filed a FOIA request for "[a]ny and all records of communication between the United States Secret Service and Hillary Rodham Clinton concerning, regarding, or relating to creation, setup, security, and maintenance of the clintonemail.com email server."

The Secret Service performed the following search for responsive documents in the relevant directorates. The Office of Technical Development and Mission Support, Information Resources Management Division (IRMD) responded as follows: "IRMD does not create, setup, monitor, or maintain non-government email servers." Accordingly, there was no search that would be reasonably calculated to locate responsive records.

The Office of Protective Operations conducted a search where the Assistant Director, the Deputy Assistant Director, and the Supervisory Staff Specialist searched desktop files and the office shared drive for any responsive documents. This search included official e-mail as well as their individual e-mail. Further, the Deputy Special Agent in Charge (DSAIC) of the Clinton Division searched his desktop and the office shared drive with the search terms "email server" and "Clinton server." This search included official e-mail as well as his individual e-mail using

the search terms "email server" and "Clinton server." The DSAIC also searched the file cabinets and drawers of the Clinton Division (the paper files) for any responsive documents.

These searches did not reveal any responsive documents. The Department of Justice attorney handling the litigation, Andrew Carmichael, then spoke to Plaintiff's representative regarding what other searches Plaintiff would like the Secret Service to perform in an effort to resolve the litigation. After discussion, it was agreed that the Secret Service would perform an additional search. This search is for e-mails from anyone assigned to the Clinton detail from January 1, 2009, through and including January 31, 2009 that contain any of the following terms: email server, clinton server, and/or clintonemail.com. This search is being conducted and is expected to be completed in approximately two weeks.

The Secret Service is not authorized, nor does it receive appropriations, to establish personal e-mail servers for anyone, including protectees. Notwithstanding, the Secret Service will send out a preservation request for the Agency records listed in your correspondence of July 31, 2015 which are in the possession of the Secret Service. As your request does not include a time frame, we have adopted a January 1, 2009 timeframe to the present as the relevant timeframe for preservation.

Sincerely,

Donna L. Cahill
Chief Counsel

This letter confirms your intent to voluntarily produce to the Federal Bureau of Investigation ("FBI") a server and related equipment (collectively, "the server equipment") on which emails to or from Secretary Clinton's @clintonemail.com account were stored from 2009 to 2013 and which Platte River Networks took possession of in 2013. As it gathers more facts, the FBI reserves the right to request further information and/or equipment from Platte River Networks.

On July 30, 2015, the FBI delivered to Platte River Networks a letter requesting that it preserve records related to the @clintonemail.com account. We understand that Platte River Networks, through Williams & Connolly LLP, also received other requests to preserve records related to the @clintonemail.com account, including a July 29, 2015 preservation letter from Senator Ron Johnson, Chairman, United States Senate Committee on Homeland Security and Governmental Affairs; a May 26, 2015 preservation letter from Steve A. Linick, Inspector General, Department of State and I. Charles McCullough, III, Inspector General, Intelligence Community; and a March 3, 2015 preservation letter from Representative Trey Gowdy, Chairman, House of Representatives Select Committee on Benghazi.

Once taking custody, the FBI will maintain the server equipment in an appropriately secure manner. We believe such maintenance satisfies any preservation obligations you may have.

Dear Mr. Kendall and Ms. Turner,

This letter confirms your intent to voluntarily produce to the Federal Bureau of Investigation ("FBI") three thumb drives (which you have represented to be one original and two copies thereof) each purportedly containing 30,490 emails to or from Secretary Clinton's @clintonemail.com account that you previously provided in hard copy to the Department of State in December 2014, as well as hard copies and a laptop computer in your possession containing emails to or from the @clintonemail.com account. It is our understanding that the items described above (hereinafter "the Materials") constitute the entirety of your client's and your possession of emails to or from the @clintonemail.com account, aside from six additional laptop computers we previously discussed by phone. It is also our understanding that those six laptop computers contain emails to or from the @clintonemail.com account; however, in addition to the emails, the laptop computers also contain privileged material. As such, we will work with you to appropriately secure the emails contained on those laptop computers. If any of these understandings are incorrect, or if you find any additional emails to or from the @clintonemail.com account, please notify me promptly.

On July 31, 2015, the FBI delivered to Williams & Connolly a letter requesting that you preserve records related to the @clintonemail.com account. (U) ~~(S//NF)~~ According to McCullough [REDACTED] pulled 40 additional e-mails from the main set of approximately 30,000 e-mails that were handed over to DOS by Hillary Clinton and found four additional classified e-mails. The ultimate classification determinations for these e-mails were conducted by the USIC.
