Sounds good - I haven't been advised about a HPSCI brief by CyD on Tuesday, but that doesn't mean there isn't one.

Not certain about this specifically, but I know there are a few Congressional briefs. Could you ask whoever to send me on yellow? I'm going in Sunday and will check. Thanks

Hey guys. Sorry to bother at this hour. Are either of you aware of a cyber brief to the D and HPSCI Tuesday that I believe is related to the project? Just got a call from a buddy who is tdy to cyber as SC and was privy to this presentation where he noticed a few CD centric things that CD may have an interest in taking a look at and scrubbing. This may already have been coordinated but just wanted to make sure. [redacted] Let me know thought or if good to go..

Yes. Tuesday is a big briefing day.

TS/SCI brief for cleared staff of our oversight committees in the House on the hacks. Ron Yearwood will be our principal briefer. Others from the USIC will be there as well.

The same for cleared staff in the Senate.

At 5:30 on Tuesday is a HPSCI member brief. They have routine briefings they call "hotwash" briefings from time to time on issues they want to hear about. I believe they have asked for a brief on the hacks as well. My understanding is the Eric Sporre will be our principal briefer at the HPSCI brief.

Jason,

I'm trying to get some clarity on the various briefings on the foreign hacking activity to make sure we've coordinated with cyber. Are there briefings to the intels this week (in addition to the all member next week)?

Thanks,
Pete
