Hi Kevin –

We are going to be at the Fairmont in Georgetown – would you be able to meet us there or somewhere in between?
Also, are you free after 12pm on Friday?

Hi Paula-

My office is near the White House but I'm happy to be flexible to find a time to either meet in person or over the phone. Please let me know what works best for you.

Audit every California ballot Election fraud is rampant nationwide and we all know California is one of the culprits Do it to protect the integrity of that state's elections

Just did some research on California voting and unless I'm missing something, there isn't a place I can see HOW my ballot was counted. I think that inability for me to check my Votes in the system (not just IF it was counted) is a big flaw, regardless of which side you are on.

Hi Kevin,

This afternoon we reported the following Twitter post:

<https://twitter.com/mchkrem/status/1217520609464397826?s=12>

(through the partner portal I selected the election feedback tab)

This post contains several false statements alleging voter registration errors and non-citizen voting. However, I received a message that this did not violate Twitter rules.

Can you advise? And please let me know if we should be reporting in a different manner.

Thank you,
